Chapter III – Day count convention, disclosure of cash flows and other disclosures in the offer document¹⁴

[See Regulation 14, Clause 2.2.27 of Schedule I and Clause 2.3.22 of Schedule II of SEBI NCS Regulations, 2021]

1. The cash flows emanating from the non-convertible securities according to the day count convention (Actual/ Actual) shall be mentioned in the offer document, by way of an illustration.
2. For the purpose of standardization, if the coupon/ dividend payment date of the non- convertible securities falls on a Sunday or a holiday, the coupon payment shall be made on the next working day. However, the dates of the future payments would continue to be as per the schedule originally stipulated in the offer document.
3. If the maturity date of the debt securities, falls on a Sunday or a holiday, the redemption proceeds shall be paid on the previous working day.
4. In order to ensure consistency, a uniform methodology shall be followed for calculation of interest/ dividend payments in the case of leap year. If a leap year (i.e. February 29) falls during the tenor of a security, then the number of days shall be reckoned as 366 days (Actual/ Actual day count convention) for the entire year, irrespective of whether the interest/ dividend is payable annually, half yearly, quarterly or monthly.
5. A sample illustration is given below:

Table 1: Illustration depicting computation of days regarding coupon and redemption

Name of the issuer	XYZ Limited
Face Value (per security)	10,00,000
Tranche Issue date/ Date of allotment	Monday, December 14, 2020
Date of redemption	Sunday, December 14, 2025
Tenure and coupon rate	5 years; 8.95% p.a.
Frequency of the interest/ dividend payment (with specified dates)	Annually; First interest/ dividend shall become payable on December 14, 2021 and subsequently on 14 th December every year, till maturity/ redemption.
Day Count Convention	Actual/ Actual

¹⁴CIR/IMD/DF/18/2013 dated October 29, 2013; CIR/IMD/DF/12/2014 dated June 17, 2014; and CIR/IMD/DF-1/122/2016 dated November 11, 2016;

Cash Flows	Day and date for coupon/ redemption becoming due	Number of days for denominator	Amount (in Rupees)
1st Coupon	Tuesday, December 14, 2021	365	89,500
2nd Coupon	Wednesday, December 14, 2022	365	89,500
3rd Coupon	Thursday, December 14, 2023	365	89,500
4th Coupon	Monday, December 16, 2024	366	89,500
5th Coupon	Friday, December 12, 2025	365	89,500
Principal	Friday, December 12, 2025	-	10,00,000
Total		-	14,47,500

In the above illustration, the year 2024 being a leap year has 29 days in February 2024. This implies that 366 days would be reckoned as the denominator (Actual/Actual), for payment of interest/ dividend. Further, December 14, 2024 falls on a Saturday which being the second Saturday will be a banking holiday. Hence, the 4th coupon payment shall be made on the next working day i.e. December 16, 2024. However, the calculation for payment of interest shall be only till December 13, 2024, which would have been the case if December 14, 2024 was not a holiday. This shall not affect the subsequent coupon payment and it shall continue to fall due on December 14, 2025, i.e. original coupon payment schedule. However, since December 14, 2025 falls on a Sunday, the redemption (i.e. principal and the 5th/ last coupon payment) shall be made on the previous working day i.e. on December 12, 2025.

6. Other disclosures: The issuer shall make the following additional disclosures in the offer document in case of public issue:

Chapter VIII - Specifications related to ISIN for debt securities²⁰

[See Regulation 17 of SEBI NCS Regulations, 2021]

1. In respect of private placement of debt securities, the following shall be complied with regard to ISINs, utilised to issue debt securities from April 1, 2023:

1.1 A maximum number of fourteen ISINs maturing in any financial year shall be allowed for an issuer of debt securities. In addition, a further six ISINs shall also be available for the issuance of the capital gains tax debt securities by the authorized issuers under section 54EC of the Income Tax Act, 1961 on private placement basis.

1.2 Out of the fourteen ISINs maturing in a financial year, the bifurcation of ISINs shall be as under:

- a. A maximum of nine ISINs maturing per financial year shall be allowed for plain vanilla debt securities. Within this limit of nine ISINs, the issuer can issue both secured and unsecured debt securities.

Provided where the total outstanding amount across the nine ISINs, maturing in a given financial year, reaches Rs. 15,000 crore, then three additional ISINs would be permitted to mature in the same financial year. The same should be intimated by the issuer to the stock exchanges and depositories.

- b. A maximum of five ISINs maturing per financial year shall be allowed for structured debt securities and market linked debt securities.

1.3 Where an issuer issues only structured/ market linked debt securities, the maximum number of ISINs allowed to mature in a financial year shall be nine.

1.4 Further, with respect to the debt securities issued on or after April 01, 2023, all the ISINs corresponding to these issues (including ISINs issued prior to April 01, 2023), maturing in any financial year, shall adhere to the limits as specified above.

²⁰ CIR/IMD/DF-1/ 67/2017 dated June 30, 2017; CIR/DDHS/P/59/2018 dated March 28, 2018 and SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/147 dated October 31, 2022

- 1.5 The above threshold may be reviewed periodically to further reduce fragmentation in the corporate bond market.
2. **In respect of private placement of debt securities, the following shall be complied with regard to ISINs,, utilised for issuance of debt securities up to March 31, 2023 and maturing in later years:**
- 2.1 A maximum number of seventeen ISINs maturing in any financial year shall be allowed for an issuer of debt securities. In addition, a further twelve ISINs shall also be available for the issuance of the capital gains tax debt securities by the authorized issuers under section 54EC of the Income Tax Act, 1961 on private placement basis.
- 2.2 Out of the seventeen ISINs maturing in a financial year, the bifurcation of ISINs shall be as under:
- a. A maximum of twelve ISINs maturing per financial year shall be allowed for plain vanilla debt securities. Within this limit of twelve ISINs, the issuer can issue both secured and unsecured debt securities
 - b. A maximum of five ISINs maturing per financial year shall be allowed for structured debt securities and market linked debt securities.
- 2.3 Where an issuer issues only structured/ market linked debt securities, the maximum number of ISINs allowed to mature in a financial year shall be twelve.
3. Issuers of certain debt securities like subordinate debt, Tier II bonds issued by Standalone Primary Dealers, bonds issued by banks to raise resources for lending to long term infrastructure sub-sectors and affordable housing were provided dispensations from ISIN restrictions till June 30, 2020.
4. In case of conversion of partly paid debt securities to fully paid debt securities, such conversion shall not be counted as an additional ISIN.
5. In case of debt securities, where call and/ or put option is exercised, the issuer, if it so desires, may issue additional debt securities for the balance period viz. remaining period of maturity of earlier debt securities. For example, if an issuer has issued debt securities in the month of August 2017 having maturity period of three years and callable after one year, then in such a scenario if the call option is exercised in the month of August 2018, then for the balance two years' period viz. (September 2018 - August 2020) the issuer may issue additional debt securities

maturing in August 2020, under the same ISIN.

Provided that the aforesaid additional issue shall be subject to the condition that the aggregate count of outstanding ISINs maturing in the financial year in which the original issue of debt securities (bearing call and/ or put option) is due for expiring, shall not exceed the prescribed limit of ISINs.

6. In case of structured/ market linked debt securities which have embedded options viz. call and/ or put option, the maturity of ISINs shall be reckoned on basis of original maturity date of debt securities.

For e.g. If a structured debt security with a maturity period of five years has an option to be called after three years and every year thereafter till redemption, then such security shall be grouped as per its maturity period i.e. five years and not based upon the option to call.

7. Mechanism for honoring debt obligations arising out of capping of ISINs:

7.1. An issuer may honour its debt obligations/ liabilities, arising out of such ISIN restrictions, in the manner as deemed feasible to them i.e. the issuer can make staggered repayments or bullet maturity repayments or in any other manner deemed so.

7.2. An issuer may offer different type of payment options to different category of investors subject to such disclosures being made in the placement memorandum in order to manage their asset liability mismatch.

For e.g. an insurance company may be offered staggered redemption, however mutual fund may be offered bullet payment.

7.3. Also, in case of any modification in terms or structure of the issue viz. change in terms of payment, change in interest pay-out frequency etc. the issuer may make such modification by following procedure as has been laid out in Regulation 59 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as SEBI LODR Regulations, 2015).

7.4. Record Date: There may be cases where multiple record dates would arise on account of staggered payment or other cases viz. frequency of payment etc. In such a case, when announcing multiple record dates, the issuer has to disclose clearly to the stock exchanges the basis of payment to the investors viz. pro-rata, first come first serve basis etc.

8. Amendment to the AoA/ charter/ constitution of the issuer: In order to comply with the provisions of regulation 49 (a) of the SEBI NCS Regulations, 2021 the issuer shall make an enabling provision in its AoA/ charter/ constitution to carry out consolidation and re-issuance of debt securities.

9. Reporting and Monitoring:

9.2. Obligations of stock exchanges and depositories:

- a) Upon receipt of the report as specified above:
- the stock exchange shall upload the same on its website as well as the Integrated Trade Repository for debt securities.
 - The depositories shall upload the same on the centralized database for corporate bonds/ debentures as well as the Integrated Trade Repository for debt securities.

Chapter XII - Fund raising by issuance of debt securities by large corporate²⁸

[See Regulation 20 of SEBI NCS Regulations, 2021]

With a view to operationalize the Union Budget announcement for FY2018-19, which, inter-alia, stated "*SEBI will also consider mandating, beginning with large entities, to meet about one-fourth of their financing needs from the debt market*", SEBI came out with a discussion paper on July 20, 2018. Based on the feedback received on the discussion paper and wider consultation with market participants including entities, the detailed provisions for operationalising the above budget announcement are given below.

1. Applicability of framework:

- 1.1. For entities following April - March as their financial year, this framework is applicable with effect from April 01, 2019 and for the entities which follow calendar year as their financial year, the framework is applicable with effect from January 01, 2020.

Explanation: The term 'Financial Year' here would imply April - March or January - December, as may be followed by an entity. Thus, FY2020 shall mean April 01, 2019 - March 31, 2020 or January 01, 2020 - December 31, 2020, as the case may be.

- 1.2. The framework shall be applicable for all listed entities (except for Scheduled Commercial Banks), which as on last day of the FY (i.e. March 31 or December 31):

- a) have their specified securities or debt securities or non-convertible redeemable preference shares, listed on a recognised stock exchange(s) in terms of SEBI LODR Regulations, 2015; and
- b) have an outstanding long term borrowing of Rs. 100 crore or above, where outstanding long-term borrowings shall mean any outstanding borrowing with original maturity of more than one year and shall exclude external commercial borrowings and inter-corporate borrowings between a parent and subsidiary(ies); and
- c) have a credit rating of "*AA and above*", where credit rating shall be of the unsupported bank borrowing or plain vanilla bonds of an entity, which have

²⁸SEBI/HO/DDHS/CIR/P/2018/144 dated November 26, 2018 and SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/049 dated March 31, 2023;

no structuring/ support built in; and in case, where an issuer has multiple ratings from multiple rating agencies, the highest of such ratings shall be considered for the purpose of applicability of this framework.

2. Framework:

2.1. A listed entity, fulfilling the criteria as specified at paragraph 1.2 above, shall be considered as a "Large Corporate" (LC) and such LC shall raise not less than 25% of its incremental borrowings, during the financial year subsequent to the financial year in which it is identified as a LC, by way of issuance of debt securities, as defined under SEBI NCS Regulations, 2021.

Explanation: For the purposes of this circular, the expression "*incremental borrowings*" shall mean any borrowing done during a particular financial year, of original maturity of more than one year, irrespective of whether such borrowing is for refinancing/repayment of existing debt or otherwise and shall exclude external commercial borrowings and inter-corporate borrowings between a parent and subsidiary(ies).

2.2. For an entity identified as a LC, the following shall be applicable:

- a) For FY2020 and FY2021, the requirement of meeting the incremental borrowing norms shall be applicable on an annual basis. Accordingly, a listed entity identified as a LC on last day of FY2019 and FY2020, shall comply with the requirement as laid down under paragraph 2.1, by last day of FY2020 and FY2021, respectively.
- b) Provided that in case where a LC is unable to comply with the above requirement, it shall provide an explanation for such shortfall to the stock exchanges, in the manner as prescribed at paragraph 3 below.
- c) From FY2022, the requirement of mandatory incremental borrowing by a LC in a FY will need to be met over a contiguous block of three years²⁹. Accordingly, a listed entity identified as a LC, as on last day of FY "T-1", shall have to fulfil the requirement of incremental borrowing for FY "T", over FY "T", "T+1 and T+2".

²⁹ Modified vide circular SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/049 dated March 31, 2023. Prior to the amendment, the clause read as under:

"From FY2022, the requirement of mandatory incremental borrowing by a LC in a FY will need to be met over a contiguous block of two years. Accordingly, a listed entity identified as a LC, as on last day of FY "T-1", shall have to fulfil the requirement of incremental borrowing for FY "T", over FY "T" and T+1."

- d) However, if at the end of three years³⁰ i.e. last day of FY "T+2", there is a shortfall in the requisite borrowing (i.e. the actual borrowing through debt securities is less than 25% of the incremental borrowings for FY "T"), a monetary penalty/ fine of 0.2% of the shortfall in the borrowed amount shall be levied and the same shall be paid to the stock exchange(s).

3. Disclosure requirements for large entities:

3.3. Further, the disclosures made in terms of paragraph 3.1 above shall also form part of audited annual financial results of the entity.

³⁰ Modified vide SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/049 dated March 31, 2023. Prior to the amendment, the clause read as under:

Chapter XIII - Issuance, listing and trading non-equity regulatory capital³³

[See Chapter V of SEBI NCS Regulations, 2021]

1. PDIs, PNCPS, PCPS, RNCPS, RCPS, debt instruments and instruments of similar nature which are essentially non-equity regulatory instruments, forming part of a bank's or NBFC's capital, issued as per RBI stipulations and listed in terms of Chapter V of the SEBI NCS Regulations, 2021.
2. These instruments have certain unique features which, *inter-alia*, grant the issuer (in consultation with RBI) a discretion in terms of writing down the principal/ interest, to skip interest payments, to make an early recall etc. without commensurate right for investors to legal recourse, even if such actions of the issuer might result in potential loss to investors.
3. Given the nature and contingency impact of these instruments and the fact that full import of the discretion is available to an issuer, may not be understood in the truest form by retail individual investors, the matter was discussed in SEBI's advisory committee on the development of corporate bond market in India viz. CoBoSAC. Based on the recommendations of the CoBoSAC, the following shall be the additional framework related to issuance, listing and trading of PDIs, PNCPS or instruments of similar nature by whatever name called (debt instruments, RNCPS, RCPS, etc.) and proposed to be listed:
 - 3.1. Investors: Issuers and stock exchanges shall ensure that only QIBs are allowed to participate in the issuance of all these non-equity regulatory capital instruments mentioned at paragraph 1 above.
 - 3.2. Allotment size, face value and trading lot: The minimum allotment size, face value and trading lot size of these instruments shall be as specified in Chapter V of this circular.
 - 3.3. Other requirements: Issuers, in addition to making disclosures as per Schedule II of the SEBI NCS Regulations, 2021, shall also make following specific disclosures about the following:
 - a) Details of all the conditions upon which the call option will be exercised by them for these instruments, in the placement memorandum.
 - b) Risk factors, to include all the inherent features of these instruments highlighted at paragraph 2 above.

³³SEBI/HO/DDHS/CIR/P/2020/199 dated October 06, 2020 and SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/027 dated February 08, 2023;

- c) Point of Non Viability clause: The absolute right, given to the RBI, to direct an issuer to write down the entire value of its outstanding these instruments/ bonds, if it thinks the bank has passed the PONV, or requires a public sector capital infusion to remain a going concern.

Applicability of the Provisions of Chapter V of the SEBI NCS Regulations, 2021:

4. The securities which have characteristics as stated below, shall necessarily be required to comply with the provisions for issuance and listing as specified under Chapter V of the SEBI NCS Regulations, 2021 and circulars issued thereunder:
- 4.1. The issuer is permitted by RBI to issue such instruments,
 - 4.2. The instruments form part of non-equity regulatory capital,
 - 4.3. The instruments are perpetual debt instruments, perpetual non-cumulative preference shares or instruments of similar nature and
 - 4.4. The instruments contain a discretion with the issuer/ RBI for events including but not restricted to all or any of the below events:
 - a. conversion into equity;
 - b. write off of interest/ principal;
 - c. skipping/ delaying payment of interest/principal;
 - d. making an early recall;
 - e. changing any terms of issue of the instrument.

Chapter XXI - Registration and regulatory framework for Online Bond Platform Providers (OBPPs)⁵¹

1. During the past few years, there has been an increase in the number of Online Bond Platforms (OBPs), offering debt securities (obtained through subscriptions to public issues/ private placements and through secondary market), to non-institutional investors. Most of such OBPs are fintech companies or are backed by Stock brokers/ SEBI registered intermediaries. There has been a significant increase in the number of registered users who have transacted through such OBPs.
2. While OBPs provide an avenue for investors, particularly non-institutional investors to access the bond market, their operations were outside SEBI's regulatory purview.

4. Thus, in order to streamline the operations of these OBPs and to facilitate the participation of investors in the bond market, there was a need to provide a regulatory framework for the working of such OBPs.

1. The framework for a dedicated debt segment was introduced by SEBI vide circular no. CIR/MRD/DP/03/2013 dated January 2013, permitting the stock exchanges to offer electronic, screen based trading providing for order matching, request for quote, negotiated trades, etc.
2. In February 2020, pursuant to approvals from SEBI, both National Stock Exchange of India Limited and BSE Limited launched RFQ platforms, as an extension of their existing trade execution and settlement platforms, to bring in transparency in “*Over the Counter*” deals which were negotiated bilaterally. RFQ is an electronic platform to enable sophisticated, multi-lateral negotiations to take place on a centralized online trading platform with straight-through-processing of clearing and settlement to complete a trade.
3. **Basic features of the RFQ platform:**
 - 3.1. The RFQ platform is a system or interface for inviting and/ or giving quotes on an electronic platform.
 - 3.2. A participant who seeks quote(s) is termed as an Initiator and a participant who acts/ responds to the quote requests of the Initiator is termed as a Responder.
 - 3.3. A participant may request other participants for a quote for eligible securities.
 - 3.4. The Initiator has the option to place quote(s) by disclosing its name or anonymously.
 - 3.5. The quote can be placed to an identified counterparty (i.e. ‘One to One’ (OTO) mode) or to all the participants (i.e. ‘One to Many’ (OTM) mode).
 - 3.6. The platform provides the participants a range of options to seek a quote and to respond to a quote, while keeping an audit trail of all interactions i.e. quoted yield, mutually agreed price, deal terms etc.

⁵³ SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/142 dated October 19, 2022;

- 3.7. The quotes will be bilaterally negotiated between the counterparties, based on specified parameters. The acceptance of a quote by a participant will be considered as mutual agreement between the parties for the given deal.
4. The following securities are eligible for being traded on the RFQ platform:
- 4.1. Non-convertible securities;
 - 4.2. Securitised Debt Instruments;
 - 4.3. Municipal Debt Securities;
 - 4.4. Commercial Paper;

5. In February 2020, the RFQ platform was introduced as a '*participant-based*' model wherein all regulated entities, listed bodies corporate, institutional investors and all India financial institutions were eligible to register, access and transact. To enhance liquidity on the RFQ platforms of the stock exchanges, SEBI has, inter alia, mandated⁵⁴ registered Mutual Funds and Portfolio Management Services, to undertake a specified percentage of their total secondary market trades in Corporate Bonds through RFQ platform of stock exchanges. IRDAI has also prescribed similar stipulations for Insurers.
6. SEBI has been receiving representations from market participants to permit stock brokers to place bids on behalf of their clients to facilitate wider market participation in the corporate bond market. After consideration and deliberations, it has been decided to allow stock brokers registered under the debt segment of the Stock Exchange(s) to place/ seek bids on the RFQ platform on behalf of client(s), in addition to the existing option of placing bids in a proprietary capacity.

⁵⁴SEBI/HO/IMD/IMD-II DOF3/P/CIR/2021/641 dated October 6, 2021 and SEBI/HO/IMD/IMD-I/DOF1/P/CIR/2021/678 dated December 9, 2021, as amended from time to time.

7. The Stock Exchanges and Clearing Corporations are directed to bring the provisions of this chapter to the notice of the Stock Brokers and also disseminate the same on their websites;

8. Mode of Settlement⁵⁵:

Presently, Stock Exchanges are using Real-Time Gross Settlement (RTGS) channel as a mode of settlement for trades executed on the RFQ platform with respect to listed corporate bonds, commercial paper, and securitised debt instruments. Additionally,

payment mechanisms provided by banks/ payment aggregators authorised by Reserve Bank of India, from time to time, may be used for settlement of trades executed on the RFQ platform.

Chapter XXIV – Contribution by eligible Issuers of debt securities to the Settlement Guarantee Fund of the Limited Purpose Clearing Corporation for repo transactions in debt securities ⁵⁸

1. A well-functioning repo market contributes to the development of the debt securities market, inter alia, by way of boosting the liquidity of the underlying debt securities and providing a facility to market participants to monetize their debt holdings without selling the underlying, thus meeting their temporary need for funds. The development of an active repo market in debt securities may also be beneficial to the Issuers as the enhanced liquidity may positively impact the yield, thereby resulting in reduced costs of raising funds to the issuers in the primary market.
2. The SEBI Board in its meeting held on September 29, 2020 permitted the setting up a Limited Purpose Clearing Corporation (LPCC) for clearing and settling repo transactions in debt securities. The Board, inter alia, also decided that an amount of 0.5 basis points of the issuance value of debt securities per annum be collected upfront prior to the listing of such securities in order to build the Settlement Guarantee Fund of the LPCC.
3. In this regard, AMC Repo Clearing Limited (ARCL) has been granted recognition as LPCC by SEBI. The Reserve Bank of India also accorded necessary approvals to ARCL to function as a Clearing Corporation with a limited purpose and to offer central counter party services for repo transactions in debt securities.
4. It has been decided to put in place, the following framework for upfront collection of amounts as charges from eligible issuers at the time of allotment of debt securities:
 - 4.1. The eligible issuers shall be notified by the LPCC as per its risk management policy.
 - 4.2. An amount of 0.5 basis points of the issuance value of debt securities per annum based on the maturity of debt securities shall be collected by the Stock Exchanges and placed in an escrow account prior to the allotment of

⁵⁸ SEBI/HO/DDHS/DDHS-RACPOD1/CIR/P/2023/56 dated April 13, 2023;

- 4.4. Stock Exchanges shall transfer the amounts so collected to the bank account of the LPCC within one working day of the receipt of the amount and inform the details of the same to the LPCC.
- 4.5. The details of the amounts so collected shall also be disclosed by the Stock Exchanges on their websites.
- 4.6. The above mentioned charges shall be collected on the basis of Actual/ Actual. The LPCC shall provide an illustration of the calculation of the amounts to be contributed by the eligible issuers.
5. The provisions of this circular came into force for the offer documents filed on or after May 01, 2023, for private placement/ public issues of debt securities by such eligible issuers as specified by the LPCC. As mentioned earlier, the LPCC shall issue a circular accordingly to operationalise the same.
