“Know Your Lender, Grow Your Business” (KYL-GYB)

A comprehensive guide to empower MSMEs with vital financial knowledge. It seeks to enhance awareness regarding their rights and entitlements in credit access, demystify lending procedures, and strengthen their understanding of the formal lending ecosystem.

The KYL-GYB handbook serves as a practical reference, compiling regulatory directions, government instructions, and institutional guidelines relevant to MSME credit, presented in a clear and accessible format. This initiative underscores the Ministry’s commitment to promoting financial literacy, fostering responsible lending practices, and cultivating a more inclusive credit culture for MSMEs. This will assist MSMEs in making informed borrowing decisions, improving access to formal finance, and contributing meaningfully to India’s economic development.

“Passion has always outrun pedigree—because while talent waits for the right stage, passion builds its own. Across India’s vibrant industrial corridors, buzzing clusters, artisan hubs, and manufacturing heartlands, it’s not degrees but daring that drives MSME. And when that fire meets opportunity, even the smallest spark can ignite an industry”

Foreword

Catalysing Viksit Bharat Through Empowered MSMEs

The vision of Viksit Bharat, a developed India by 2047, isn't just an aspiration; it's a sine qua non—an indispensable condition for our nation's future. Achieving this ambitious goal demands an all-round effort, a synchronized and sustained push from every segment of society. No single sector or group can achieve this alone. It necessitates the active participation of the government in formulating progressive policies, the private sector in driving innovation and creating opportunities, and civil society in fostering inclusive growth and community development. Education, healthcare, infrastructure, technology, and environmental sustainability must all advance in tandem. When we recognize this profound interconnectedness and commit to a unified approach, we truly pave the way for a prosperous and equitable Viksit Bharat.

At the very heart of this collective endeavor lies the dynamic and resilient Micro, Small, and Medium Enterprise (MSME) sector. These enterprises are far more than mere economic units; they are the vibrant pulse of our nation, fostering innovation, generating employment, and driving inclusive growth across diverse geographies and communities. This handbook serves as a crucial guide, empowering MSMEs to navigate the complexities of the modern economic landscape and unlock their immense potential.

Despite their pivotal role, MSMEs frequently encounter systemic hurdles. One of the most significant challenges remains the persistent credit gap. While significant strides have been made, a substantial portion of MSMEs, particularly micro-enterprises, still struggle to access timely and affordable formal credit. This often stems from a lack of adequate collateral, limited credit history, and the informal nature of many operations. Addressing this gap is paramount, as access to finance is the lifeblood for business expansion, technological adoption, and market penetration.

In recognition of these challenges, both the government and regulatory bodies have proactively introduced measures of regulatory forbearance and facilitative frameworks. These initiatives aim to provide a supportive environment, enabling MSMEs to overcome temporary financial adversities and restructure their operations without disproportionate penalties. Such targeted interventions are vital in ensuring the long-term health and stability of the sector.

Furthermore, simplifying banking procedures is a continuous and critical endeavor. Traditional banking processes, often laden with extensive documentation and lengthy approval cycles, can be daunting for MSMEs. This handbook endeavors to demystify these procedures, providing clear, concise information on various financial products, application requirements, and avenues for digital engagement. The goal is to foster greater financial literacy and empower MSMEs to seamlessly access the formal financial ecosystem.

This handbook is more than just a compilation of information; it's a resource designed to be a trusted companion for every MSME entrepreneur on their growth trajectory. By shedding light on access to credit, understanding regulatory support, and simplifying banking interactions, we aim to equip our MSMEs with the knowledge and tools necessary to thrive. As we collectively march towards the vision of Viksit Bharat, the strength and prosperity of our MSME sector will undeniably be the cornerstone of our shared success.

Introduction

Q1. Who are the lenders and what do we need to know about them?

Ans. A lender is an individual or organization that extends credit or provides funds to a borrower, with the expectation of repayment along with interest. In the formal lending ecosystem, a wide range of institutions serve the financing needs of Micro, Small, and Medium Enterprises (MSME). These include the following:

1. Scheduled Commercial Banks (SCBs)

Ans. Scheduled Commercial Bank (SCB) is a commercial bank (**commercial bank is a financial institution that provides services like accepting deposits, giving loans, and offering other financial products to individuals and businesses. They are for-profit entities**) which has been included in the Second Schedule of the Reserve Bank of India Act, 1934 (RBI Act).

Every Scheduled Commercial Bank is entitled to two types of principal facilities from RBI:-

- I. It becomes eligible for debts/loans at the bank rate.
- II. It automatically acquires the membership of clearing house.

SCBs include Public Sector Banks, Private Sector Banks, Foreign Banks, Regional Rural Banks, Scheduled Payments Banks, Scheduled Small Finance Banks and Scheduled Co-operative Banks.

- a. **Public Sector Banks:** Public Sector Banks (PSB) means banks constituted under the State Bank of India Act, 1955 and Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970/Banking Companies (Acquisition and Transfer of Undertakings) Act, 1980. There are **12** PSBs. The list is attached at Annexure – A.
- b. **Private Sector Banks:** Private Sector Banks (PvSB) are banking companies licensed to operate in India under Banking Regulation Act, 1949. There are **21** PvSB. The list is attached at Annexure – A.
- c. **Foreign Banks:** Foreign Bank (FB) is a bank that has its headquarters outside the India but runs its offices as a private entity at any other location in India. Such banks are under an obligation to operate under the regulations provided by the Reserve Bank of India as well as the rule prescribed by the parent organization located outside India. There are **44** FB. The list is attached at Annexure A.
- d. **Regional Rural Banks:** Regional Rural Banks (RRB) are the banks established under the Regional Rural Banks Act, 1976 with the aim of ensuring sufficient institutional credit for agriculture and other rural sectors. The area of operation of RRBs is limited to the area notified by the Central Government. RRBs are owned jointly by the Government of India, the State Government and Sponsor Banks. There are **43** RRB. The list is attached at Annexure A.
- e. **Scheduled Payments Banks:** Payment Banks (SPB) are public limited companies licensed under Banking Regulation Act, 1949, with specific licensing conditions restricting its activities mainly to acceptance of demand deposits and provision of payments and remittance services. They do not typically provide credit services. There are **6** SPB. The list is attached at Annexure A.
- f. **Scheduled Small Finance Banks:** Small Finance Banks (SFB) licensed under Banking Regulation Act, 1949 and created with an objective of furthering financial inclusion by primarily undertaking basic banking activities to un-served and underserved sections including small business units, small and marginal farmers, micro and small enterprises and other underserved sections. There are **11** SFB. The list is attached at Annexure A.
- g. **Scheduled Co-operative Banks:** Cooperative Banks are financial entities established on a co-operative basis and belonging to their members with objective to provide rural financing and micro-financing. Cooperatives Banks are registered under the Cooperative Societies Act, 1912. These are regulated by the Reserve Bank of India and National Bank for Agriculture and Rural Development (NABARD) under the Banking Regulation Act, 1949 and Banking Laws (Application to Cooperative Societies) Act, 1965. There are **24** Scheduled State Co-operative Banks, **50** Scheduled Urban Co-operative Banks, **34** State Co-operative Banks, **352** District Central Cooperative Bank (DCCBs).

2. Non-Banking Financial Companies (NBFCs)

A Non-Banking Financial Company (NBFC) is a financial institution that provides banking services but does not hold a traditional banking license. NBFCs are registered under the Companies Act 1956 or Companies Act, 2013, and engage in activities like lending, investments, and asset financing, but they do not accept demand deposits like banks.

NBFCs are crucial players in lending, especially for MSME borrowers. Unlike traditional lenders, NBFCs often offer more flexible terms, faster approvals, and lower compliance burdens critical for MSME managing day-to-day liquidity needs. Further, they have deeper outreach, catering to the needs of small borrowers and underserved markets, providing wide range of financial services and made digital lending more accessible and hassle free.

There are two types of NBFCs: Deposit-accepting and Non Deposit accepting.

The Reserve Bank of India (RBI) categorizes Non-Banking Financial Companies (NBFCs) into four layers based on their size, activity, and perceived risk: Base Layer (NBFC-BL), Middle Layer (NBFC-ML), Upper Layer (NBFC-UL), and Top Layer (NBFC-TL). The scale-based regulation (SBR) framework was implemented to ensure better supervision and regulation of the NBFC sector. There are **9291** NBFCs registered with RBI. The list of NBFCs can be accessed through the following link (Reserve Bank of India - Non-Banking Financial Companies (NBFCs)).

NBFCs have emerged as powerful engines of credit. By complementing the traditional banking system, they have significantly expanded access to credit, particularly for segments that have historically been underserved or excluded. Through innovative credit delivery models that harness technology and local insights, NBFCs have been able to design customised financial products tailored to diverse borrower needs.

3. Microfinance Institutions (MFI)

Microfinance Institution (MFI) is an organization that provides financial services, primarily microcredit, to low-income individuals or households, often those excluded from traditional banking. These services can also include micro-savings, microinsurance, and other financial products. RBI regulates MFI, including setting limits on lending rates and margins, and has defined microfinance as collateral-free loans to households with an annual income up to Rs.3,00,000. MFI provide small-ticket loans to micro-enterprises, often without collateral. They are instrumental in empowering first-time borrowers and informal sector entrepreneurs. Besides the RBI, MFI are also regulated by SRO (Self Regulatory Organizations) such as Sa-Dhan (Association of Community Development Finance Institutions), MFIN (Microfinance Institutions Network).

4. FinTech Lenders

These are technology-driven platforms that use digital tools and alternative data to assess creditworthiness. FinTechs offer quick, paperless loans and often partner with NBFCs or banks to disburse funds. There are more than **11000** Fintech Companies in India.

5. Development Financial Institutions (DFIs)

Development Finance Institutions (DFIs) are specialized financial institutions that provide long-term financing for projects that are crucial for economic and social development. DFIs play a significant role in channelling funds towards infrastructure, agriculture, housing, and other key sectors. Institutions like SIDBI (Small Industries Development Bank of India) provide refinancing and direct lending to MSME, especially for development-oriented projects and capacity building.

Q2. What are the directions from the regulator for Priority Sector Lending (PSL) to Regulated Entities (REs- lending agencies regulated by RBI) for the flow of credit to MSME?

Ans. Priority Sector Lending includes only those sectors as part of the priority sector, that impact large sections of the population, the weaker sections and the sectors which are employment intensive such as agriculture, and Micro and Small enterprises (MSE). It is pertinent to note that PSL guidelines are meant for directing the flow of credit to identified priority sectors. MSME is one of those priority sectors. This does not assure that the MSE will be entitled to avail the loan at lower/cheaper rate of interest, and that banks are expected to accept all MSME loan applications.

PSL Targets		
Bank Type	Total PSL Target (% of total lending by RE)	Sub Target for Micro Enterprises
Scheduled Commercial Bank	40	7.5
Foreign Bank	40	NA
Regional Rural Bank	75	7.5
Scheduled Small Finance Bank	60	7.5
Urban Co-operative Bank	60	7.5

Q3. What is MSME Loan?

Ans. An MSME Loan is a type of business loan specifically offered to MSME as defined under the MSMED Act 2006. To avail an MSME loan the borrower must possess a Udyam Registration Certificate (URC). Since July 2021 retail and wholesale traders are considered MSME for Priority Sector Lending (PSL) purposes.

MSME can avail three types of loans:

- Term Loan:** A term loan is a type of loan provided for a specific amount given for a fixed tenure which is repaid in regular instalments. The tenure of the loan typically ranges from 1 to 10 years or more. Common examples of term loan are purchase of equipment or machinery, business expansion, technology upgrades etc.
- Working capital loan:** A short-term loan used to finance everyday business operations having a tenure of less than one year. Banks have been advised to sanction limits after proper appraisal of the genuine working capital requirements of the borrowers keeping in mind their business cycle and short-term credit requirement. Working capital limits is computed on the basis of minimum 20% of the estimated turnover. Alternatively, a cash budgeting method or other methods deemed necessary by the bank can be used. Common examples of working capital are Cash Credit Limit, Overdraft, supply chain finance, bill discounting, factoring, purchase order finance, purchase of inventory etc.
- Composite loan:** A composite loan limit of Rs. **1 Crore** can be sanctioned by banks to enable the MSME entrepreneurs to avail of their working capital and term loan requirement through Single Window.

Q4. What are the variables considered by banks for assessing various risks?

Ans. For the purposes of risk management, banks assess multiple variables across key risk categories when evaluating loan proposals. There are primarily three types of Risk: credit risk, operational risk and market risk.

Key risk variables considered by banks for sanctioning loans are as follows:

- Credit Risk – Credit score, repayment history, existing liabilities, and past defaults.
- Financial Risk – Income trends, turnover, profitability, debt-to-equity ratio, net worth, margins, and debt service coverage ratio.
- Market Risk – Exposure to interest rate fluctuations, inflation, currency volatility, and geopolitical instability.
- Business Risk – Industry outlook, demand cycles, seasonality, regulatory shifts, and environmental considerations.
- Operational Risk – Quality of promoters/management, internal processes, workforce skill levels.
- Compliance & Regulatory Risk – GST and income tax filings, and adherence to sector-specific regulations.

Q5. How a MSME can avail Loan?

Ans: MSME borrowers can apply for loans through the following channels:

- I. Offline Mode** – Visit the bank branch, complete the Loan Application Form/Common Application Form (CAF), and submit all required documents as per the lender's checklist. (Refer to Annexure B for the CAF.)
- II. Online Mode** – Submit the loan application and upload supporting documents directly through the lender's website.

Documents generally required for availing loan:

- a) PAN and Adhaar
- b) Udyam Registration Certificate
- c) GST Certificate and Returns
- d) Income Tax Returns (for past 1-3 years)
- e) Bank Statement (6-12 months)
- f) Business address and ownership proof
- g) Financials (Balance Sheet, P/L statement, cashflow statement)

Q6. What is Rate of Interest? How can MSME reduce cost of credit?

Ans. The interest rate represents the cost of borrowing and is charged by a lender on any form of debt extended. MSME can reduce the cost of credit by the following ways:

a. Enhance Creditworthiness

- i. Maintain a personal and business CIBIL score above 750.
- ii. Ensure timely repayment of EMIs and loans.
- iii. Avoid cheque bounces and over usage of overdraft/Cash Credit (CC) limits.

b. Practice Financial Discipline

- i. File timely Income Tax Returns (ITRs) and GST returns.
- ii. Maintain updated financial statements -Balance Sheet, Profit and Loss Statement (P&L).
- iii. Demonstrate consistent income and turnover trends.
- iv. Reduce cash transactions and maintain a clear banking trail.

c. Opt for Appropriate Credit Products

- i. Use term loan for long-term assets (e.g., machinery).
- ii. Use working capital loans/CC for daily operations.
- iii. Avoid using high-interest short-term loans for long-term needs.

d. Leverage Interest Subvention Schemes of the Government

- i. MSE-GIFT (Green Investment and Financing for Transformation).
- ii. ADEETIE (Assistance for Deployment of Energy-Efficient Technologies in Industries and Establishments).

e. Compare and Negotiate Offers

- i. Use digital platforms like psbloansin 59 minutes.com and udyamimitra.in to evaluate options.
- ii. Seek multiple offers and negotiate better terms using comparative quotes.

f. Minimize Processing and Other Charges

- i. Negotiate processing fees, documentation charges, insurance premiums, and prepayment penalties.
- ii. Request a Key Fact Statement (KFS) outlining all charges before finalizing the loan.

g. Maintain Repayment Discipline

- i. Pay Equated Monthly Instalments (EMI) on time to avoid penalties and interest hikes.
- ii. Monitor debt-to-income ratio to prevent over-leverage.

Q7. How can MSME without Credit score avail loans from the formal lending system?

Ans. The banks traditionally assess risk of the MSME borrowers by two methods – Collateral/Asset based lending and Cashflow based lending. Recently the Government has announced a new model of Credit assessment. This model leverages the digitally fetched and verifiable data available in the ecosystem and devise automated journeys for MSME Loan appraisal using objective decisioning for all loan applications and model-based limit assessment for both Existing to Bank (ETB) as well as New to Bank (NTB) MSME borrowers.

The digital footprints used by the model may include Name and Permanent Account Number(PAN) authentication using National Securities Depository Limited (NSDL), Mobile and email verification using One-Time password (OTP), Application Programming Interface (API) fetch of Goods and Services Tax (GST) data through service providers, Bank Statement Analysis using account aggregator, Income Tax Return (ITR) upload and verification, API enabled commercial and consumer bureau fetch and due diligence using Credit Information Companies (CICs), fraud checks through APIs, among others.

The benefits to MSME by use of this model includes submission of application from anywhere through online mode, reduced paperwork and Branch visit, instant in-principle sanction through digital mode, seamless processing of credit proposals, end to end straight through process (STP), reduced turnaround time (TAT), Credit decision based on objective data/ Transactional behaviour and credit history, no **physical collateral securities** for loans covered under Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), among others.

Standards ensuring fair treatment of MSME by banks

2.1: Charter of Customer Rights

Applicability	All Scheduled Commercial Banks (SCB) Regional Rural Banks (RRB) and Urban Co-operative Banks.
Explanation	Charter of Customer Rights provides overarching principles for protection of bank customers and enunciates the 'five' basic rights of bank customers. These are: (i) Right to Fair Treatment; (ii) Right to Transparency; Fair and Honest Dealing; (iii) Right to Suitability; (iv) Right to Privacy; and (v) Right to Grievance Redress and Compensation. 1. Right to Fair Treatment: Both the customer and the financial services provider have a right to be treated with courtesy. The customer should not be unfairly discriminated against on grounds such as gender, age, religion, caste and physical ability when offering and delivering financial products. 2. Right to Transparency, Fair and Honest Dealing: The financial services provider should make every effort to ensure that the contracts or agreements it frames are transparent, easily understood by and well communicated to, the common person. The product's price, the associated risks, the terms and conditions that govern use over the product's life cycle and the responsibilities of the customer and financial service provider, should be clearly disclosed. The customer should not be subject to unfair business or marketing practices, coercive contractual terms or misleading representations. Over the course of their relationship, the financial services provider cannot threaten the customer with physical harm, exert undue influence, or engage in blatant harassment. 3. Right to Suitability: The products offered should be appropriate to the needs of the customer and based on an assessment of the customer's financial circumstances and understanding. 4. Right to Privacy: Customers' personal information should be kept confidential unless they have offered specific consent to the financial services provider or such information is required to be provided under the law or it is provided for a mandated business purpose (for example, to credit information companies). The customer should be informed upfront about likely mandated business purposes. Customers have the right to protection from all kinds of communications, electronic or otherwise, which infringe upon their privacy. 5. Right to Grievance Redress and Compensation: The customer has a right to hold the financial services provider accountable for the products offered and to have a clear and easy way to have any valid grievances redressed. The provider should also facilitate the redress of grievances stemming from its sale of third-party products. The financial services provider must communicate its policy for compensating mistakes, lapses in conduct, as well as non-performance or delays in performance, whether caused by the provider or otherwise. The policy must lay out the rights and duties of the customer when such events occur.

2.2: Fair Practices Code for Lenders

Applicability	All Scheduled Commercial Banks (SCB) excluding Regional Rural Banks (RRB)
Explanation	The Fair Practices Code (FPC) for Lenders is a set of guidelines issued to ensure that banks and financial institutions follow fair, transparent and ethical lending practices while dealing with their customers. The aim of these guidelines is to protect the rights of borrowers, promote fairness in lending practices, and build trust between lenders and borrowers. Pre-Sanction appraisal: - Banks (SCBs excluding RRBs) have been advised to make loan application form comprehensive - Full disclosure of all fee/charges, refundable part, pre-payment charges and options, penalty for delayed payment, process for switching fixed to floating - REs to devise a system of giving acknowledgement for receipt of all loan applications - REs advised to provide a time frame of case disposal - Proper assessment of credit application by borrowers; margin and security stipulation should not be used as a substitute for due diligence Complete appraisal of proposals in a time bound manner - REs to make suitable disclosures on the timelines for conveying credit decisions through their websites, notice boards, product literature, etc. - Reason for rejection of loans, irrespective of any threshold limits, should be communicated to the applicant within stipulated time by REs. - Credit limit along with the terms and conditions to be communicated; - borrower's acceptance of these terms (after negotiation) given with his full knowledge to be kept on record by REs - Language adopted by REs should be vernacular language or a language as understood by the borrower; - penalties charged for late repayment in bold in the loan agreement - REs should invariably furnish a copy of the loan agreement along with a copy each of all enclosures quoted in the loan agreement to all the borrowers at the time of sanction/ disbursement of loans - The loan agreement should clearly stipulate credit facilities that are solely at the discretion of lenders - It may be specifically stated that the lender does not have an obligation to meet further requirements of the borrowers on account of growth in business etc. without proper review of credit limits. Disbursement and Post-disbursement supervision - REs should ensure timely disbursement of loans sanctioned in conformity with the disbursement schedule/ terms and conditions - REs shall give notice of any change in the terms and conditions including interest rates, service charges, etc. Such changes to be effected prospectively. - The consent or objection of the lender, if any, should be conveyed within 21 days from the date of receipt of request from borrower or the transferee. Fair Practices Code for Lenders – Charging of Interest The guidelines on Fair Practices Code issued to various REs, inter-alia, advocate fairness and transparency in charging of interest by the lenders, while providing adequate freedom to REs as regards their loan pricing policy. - Charging of interest from the date of sanction of loan or date of execution of loan agreement and not from the date of actual disbursement of the funds to the customer. Similarly, in the case of loans being disbursed by cheque, instances were observed where interest was charged from the date of the cheque whereas the cheque was handed over to the customer several days later. - In the case of disbursal or repayment of loans during the course of the month, some REs were charging interest for the entire month, rather than charging interest only for the period for which the loan was outstanding. - In some cases, it was observed that REs were collecting one or more instalments in advance but reckoning the full loan amount for charging interest.

Credit Sanctioning for MSME

3.1: Credit Sanctioning Process by banks.

Applicability	To all REs
Explanation	i) The MSME loan approval process in a bank typically involves the following stages: Stage 1: Loan Application • Submission of Application: The MSME submits a loan application to the bank, providing necessary documentation, such as business registration documents, financial statements, and identification proof. • Initial Review: The bank reviews the application to ensure it is complete and meets the basic eligibility criteria. Stage 2: Credit Assessment • Creditworthiness Evaluation: The bank evaluates the MSME's creditworthiness by analyzing its financial statements, credit history, and business performance. • Risk Assessment: The bank assesses the risks associated with lending to the MSME, including industry risks, market risks, and management risks. Stage 3: Loan Evaluation • Loan Amount Determination: The bank determines the loan amount that can be sanctioned to the MSME based on its financial performance, creditworthiness, and business needs. • Interest Rate and Repayment Terms: The bank determines the interest rate and repayment terms for the loan, taking into account the MSME's credit profile and market conditions. Stage 4: Loan Sanction • Loan Sanction Letter: If the loan application is approved, the bank issues a loan sanction letter to the MSME, outlining the terms and conditions of the loan. • Documentation: The MSME is required to sign the loan agreement and provide necessary documentation, such as collateral documents, before the loan is disbursed. Stage 5: Loan Disbursement • Loan Disbursement: The bank disburses the loan amount to the MSME, either in a lump sum or in installments, as per the loan agreement. • Monitoring and Review: The bank monitors the MSME's loan account and reviews its financial performance regularly to ensure compliance with the loan agreement. Stage 6: Loan Repayment • Repayment Schedule: The MSME is required to repay the loan according to the repayment schedule outlined in the loan agreement. • Interest Payment: The MSME is required to pay interest on the loan amount, as per the loan agreement. ii) The MSME loan approval process in a bank typically involves a thorough evaluation of the MSME's creditworthiness, business performance, and financial position. By understanding the loan approval process, MSME can better prepare themselves for the loan application process and increase their chances of getting their loan approved. iii) Banks have been advised to furnish the MSME borrowers with an indicative checklist of documents required for processing the loan application at the time of applying for the loan. For loans up to Rs.25 lakh to units in the Micro and Small Enterprises (MSE) borrowers, banks are advised that the timelines for credit decisions shall not be more than 14 working. iv) Timeline for credit decisions and disclosure of MSME credit related information: a. Timeline for credit decisions for loans up to Rs.25 lakh to units in the MSE borrowers shall not be more than 14 working days. For loans above the aforementioned limit, timelines shall be as per the Board approved sanction time norms. b. Banks shall furnish the MSME borrowers with an indicative checklist of documents required for processing the loan application at the time of applying for the loan. c. Further, all credit related information pertaining to MSME including timelines for credit decisions, indicative document checklist etc. shall be displayed under a separate tab prominently on the bank's website. d. Banks shall, within the Board approved sanction time norms, convey to the MSME borrowers in writing the main reason/reasons which, in the opinion of the bank after due consideration, have led to rejection of the loan applications.

3.2: Credit Proposal Tracking System (CPTS)

Applicability	All Scheduled Commercial Banks (excluding Regional Rural Banks)
Explanation	Credit Proposal Tracking System (CPTS): Banks are required to put in place a CPTS/ equivalent tracking mechanism to facilitate central registration and a system of e-tracking of all MSME loan applications. The Credit Proposal Tracking System (CPTS) of the banks may ensure that: • All MSME applications received by the branch physically with required documents are entered in CPTS. • CPTS shall automatically generate an acknowledgement, having a unique application serial number. • This acknowledgement shall be issued by the branch to the applicant. • Banks should endeavor to make application status available to the customer online using the unique application serial number on a day to day basis. • The acknowledgement and status of the application to be sent automatically to the applicant • On submission of set of documents as per check list, the disposal time of the application should also be advised to the applicant, with banks right to demand additional documents / information as it feel necessary. As an example, the CPTS system of Bank of India is presented below: https://bankofindia.co.in/documents/20121/205926/MSME_Policy_2024.pdf - o USER ID: - o Password: - o For adding new application details in the module, branches should select: Add new Item. - o Branches should enter all the relevant data pertaining to the applicant and then shall advise the generated application ID to the applicant. - o For editing the existing record, branches should click on Edit Item. Thereafter branches may select the name of the concerned borrower for whom any editing is required. - o Under Edit item branches update the status of the proposal processing - o Updating the status as per the processing stages of the loan applications. - o Every stage of loan application i.e. from the entry of application details from branch till the disposal of the application (pending/sanctioned/rejected) is to be updated from time to time by the parent branch, which has received the application from the borrower. - o MIS of total applications shall be made available to both Zonal Office and Head office or proper monitoring and control Checking the Application Status: Applicants can track the status of loan application by visiting following link: https://www.bankofindia.co.in/englsh/Track-SME-loan-status.aspx After logging, on the page the applicant needs to put in his application ID and the status of his application will be displayed.

3.3: Digital Lending

Applicability	All Commercial Banks, All Primary (Urban) Co-operative Banks, State Co-operative Banks, Central Co-operative Banks, All Non-Banking Financial Companies (including Housing Finance Companies), and All All-India Financial Institutions. Referred to as a Regulated Entity (RE) and collectively as Regulated Entities (REs)
Explanation	Digital Lending: A remote and automated lending process, largely by use of seamless digital technologies for customer acquisition, credit assessment, loan approval, disbursement, recovery, and associated customer service. Digital Lending Apps/ Platforms (DLAs): Mobile and/or web-based applications, on a standalone basis or as a part of suite of functions of an application with user interface that facilitate digital lending services. DLAs shall include applications of the RE as well as those operated by Lending Service Provider (LSP) engaged by RE for extending any credit facilitation services in conformity with extant outsourcing guidelines issued by the Reserve Bank. Lending Service Provider (LSP): An agent of a RE (including another RE) who carries out one or more of RE's digital lending functions, or part thereof, in customer acquisition, services incidental to underwriting and pricing, servicing, monitoring, recovery of specific loan or loan portfolio on behalf of RE in conformity with extant outsourcing guidelines issued by the Reserve Bank Digital lending activities of the REs are as follows: - RE shall obtain the necessary information relating to economic profile of the borrower with a view to assessing the borrower's creditworthiness before extending any loan, including, at a minimum, age, occupation and income details. - RE shall provide a Key Fact Statement (KFS) - RE shall ensure that digitally signed documents (on the letter head of the RE) viz., KFS, summary of loan product, sanction letter, terms and conditions, account statements, privacy policies of the RE / LSP with respect to storage and usage of borrowers' data, etc. shall automatically flow to the borrower on the registered and verified email/ SMS upon execution of the loan contract/ transactions. - RE shall maintain a website of their own in public domain, which shall be kept up to date, inter-alia, with the following details at a prominent single place on the website for ease of accessibility: - Details of all of its digital lending products and its DLAs; - Details of LSPs and the DLAs of the LSPs along with the details of the activities for which they have been engaged for; - Particulars of RE's customer care and internal grievance redressal mechanism; - Link to RBI's Complaint Management System (CMS) and Sachet Portal; - Cooling -off Period: The borrower shall be given an explicit option to exit a digital loan by paying the principal and the proportionate APR without any penalty during an initial "cooling-off period". The cooling off period shall be determined by the Board of the RE as laid down in their loan policy, subject to the period so determined not being less than one day. For borrower continuing with the loan even after cooling-off period, pre-payment shall continue to be allowed as per applicable RBI guidelines8. - RE may retain a reasonable one-time processing fee, if the customer exits the loan during the cooling-off period. This, if applicable, shall be disclosed to the customer upfront in KFS. - Precautions to be taken by MSME while availing credit facility from the Fintech Lenders: - Verify the credibility of the fintech lenders - Understand the loan terms completely - Check the hidden charges (like tech fee, documentation charges, insurance bundling) - Avoid over borrowing - Check the repayment structure - Review the digital loan agreement - Avoid unlicensed loan apps. - Check grievance redressal mechanism - Avoid rollover and refinancing terms - Only share data via secure, encrypted platforms.

Credit Assessment

4.1: Credit Information Companies

Applicability	All Lending Agencies										
Explanation	Credit Information companies (CICs) institutions that collect and maintain credit-related information about individuals and businesses, which is then used to generate credit reports and scores. These reports are crucial for lenders to assess the creditworthiness of borrowers. In India CICs, are regulated by RBI under the Credit Information Companies (Regulation) Act, 2005 (CICRA 2005). There are four major CICs: TransUnion CIBIL, Experian, Equifax and CRIF High Mark - o CICs gather data from various sources, including public records, credit transactions, and payment histories from lending institutions. - o Based on the collected data, CICs create Credit Information Reports - o CICs also generate credit scores. - o Lenders use these credit reports and scores to make informed decisions about loan applications, and other credit-related services. A credit score is a three-digit number that banks/ financial institutions used to decide whether a potential borrower is qualified to borrow a loan, banks and financial institutions. Factors used for Credit Score Calculation: 1. Payment History: Record of timely payments 2. Credit Utilization: amount used relative to total available credit 3. Total number of accounts -types of credit facilities availed 4. Age of Credit: the tenure of credit history Impact of these factors while calculating credit score: - o Payment History – High Impact - o Credit Utilisation Ratio – High Impact - o Total Number of Accounts – Low Impact - o Age of Credit – Medium Impact Example: CIBIL Credit score range (This is an indicative list of credit scores) <table border="1"> <thead> <tr> <th>CIBIL Credit Score Range</th><th>Credit Rating</th></tr> </thead> <tbody> <tr> <td>750-900</td><td>Excellent</td></tr> <tr> <td>650-750</td><td>Good</td></tr> <tr> <td>550-650</td><td>Average</td></tr> <tr> <td>300-550</td><td>Poor</td></tr> </tbody> </table> Lower the credit score, higher will be the cost of credit.	CIBIL Credit Score Range	Credit Rating	750-900	Excellent	650-750	Good	550-650	Average	300-550	Poor
CIBIL Credit Score Range	Credit Rating										
750-900	Excellent										
650-750	Good										
550-650	Average										
300-550	Poor

4.2: Credit Rating Agencies (CRA)

Applicability	All lending Agencies
Explanation	Credit Rating Agencies (CRA) are primarily regulated by the Securities and Exchange Board of India (SEBI) under the SEBI (Credit Rating Agencies) Regulations, 1999. A credit rating agency assigns a rating to various entities as borrowers based on a range of metrics and factors. Ratings are given in the form of letters such as AAA, CCC. List of credit rating agencies in India - o Credit Rating Information Services of India Limited (CRISIL) - o Brickwork Ratings (BWR) - o Investment Information and Credit Rating Agency of India Limited (ICRA) Credit Analysis & Research (CARE) - o Onida Individual Credit Rating Agency of India (ONICRA) Fitch India - o SME Rating Agency of India Limited (SMERA) • Credit ratings are based on a number of factors, including market-based, historically estimated information at the corporate level. The assessments span from business attributes to underlying investments, and they are all intended to assess the borrower's ability to repay its debt. • The credit rating by external rating agencies is not compulsory from regulatory capital perspective, if the maximum aggregate exposure to one counterparty does not exceed the threshold limit of Rs. 7.5 crore, subject to meeting certain other conditions.

Disclosures to borrowers (MSME)

5.1: Key Fact Statement (KFS) for Retail and MSME Loans & Advances

Applicability	All Commercial Banks (including Small Finance Banks, Local Area Banks and Regional Rural Banks, excluding Payments Banks), All Primary (Urban) Co-operative Banks, State Co-operative Banks and Central Co-operative Banks All Non-Banking Financial Companies (including Housing Finance Companies)
Explanation	Key Facts Statement (KFS) is a statement of key facts of a loan agreement, in simple and easier to understand language, provided to the borrower in a standardised format. Key Facts of a loan agreement refers to legally significant and deterministic facts between an RE (Regulated Entities)/a group of REs and a borrower that provides basic information required to assist the borrower in taking an informed financial decision. KFS was specifically mandated in respect of loans by scheduled commercial banks to borrowers; digital lending by REs; and microfinance loans. - REs shall provide a KFS to all prospective borrowers to help them take an informed view before executing the loan contract, as per the standardised format provided by RBI - The KFS shall be written in a language understood by such borrowers. Contents of KFS shall be explained to the borrower and an acknowledgement shall be obtained that he/she has understood the same. - the KFS shall be provided with a unique proposal number and shall have a validity period of at least three working days for loans having tenor of seven days or more, and a validity period of one working day for loans having tenor of less than seven days. - The KFS shall also include a computation sheet of annual percentage rate (APR), and the amortisation schedule of the loan over the loan tenor. APR will include all charges which are levied by the RE. - Any fees, charges, etc. which are not mentioned in the KFS, cannot be charged by the REs to the borrower at any stage during the term of the loan, without explicit consent of the borrower - The KFS shall also be included as a summary box to be exhibited as part of the loan agreement. REs to provide a KFS, as per a standardized format (all critical information including cost), to all prospective borrowers in case of all retail and MSME term loan products . - The KFS format is provided in Annexure C.

5.2: Cluster financing

Applicability	All Scheduled Commercial Banks
Explanation	MSME cluster approach: The lead bank of a district shall promote 'credit-linkage' in all clusters located within the district. The initiatives under promotion of the credit-linkage, shall include but not be restricted to the following measures: - Assessing the credit requirements of the MSE units in the clusters and addressing their credit needs directly or facilitating their linkage with other banks operating in the area for credit proposals. - Creating awareness among the MSE units in the clusters regarding the importance of formal credit linkage through various forums including financial literacy camps. - Enabling coverage under various skill development initiatives in the district. - Focused attention and proactive measures to improve financial services in the underbanked clusters. The banks shall ensure that the credit needs of clusters are appropriately included in the exercise of preparation of branch/block level plans so that the same can be aggregated by lead banks to form the District Credit Plan (DCP) and subsequently by SLBC /UTLBC Convenor banks to prepare the Annual Credit Plan (ACP).

5.3: Penal Charges

Applicability	All Commercial Banks (including Small Finance Banks, Local Area Banks and Regional Rural Banks, excluding Payments Banks) All Primary (Urban) Co-operative Banks ,All NBFCs (including HFCs) and All India Financial Institutions (EXIM Bank, NABARD, NHB, SIDBI and NaBFID)
Explanation	REs use penal rates of interest, over and above the applicable interest rates, in case of defaults / non-compliance by the borrower with the terms on which credit facilities were sanctioned. On a review of the practices followed by REs for charging penal interest/charges on loans, the following instructions are issued by RBI. - Penalty, if charged, for non-compliance of material terms and conditions of loan contract by the borrower shall be treated as 'penal charges' and shall not be levied in the form of 'penal interest' that is added to the rate of interest charged on the advances. There shall be no capitalisation of penal charges i.e., no further interest computed on such charges. However, this will not affect the normal procedures for compounding of interest in the loan account. - The REs shall not introduce any additional component to the rate of interest and ensure compliance to these guidelines in both letter and spirit. - The REs shall formulate a Board approved policy on penal charges or similar charges on loans. - The quantum of penal charges shall be reasonable and commensurate with the non-compliance of material terms and conditions of loan contract without being discriminatory within a particular loan / product category. - The quantum and reason for penal charges shall be clearly disclosed by REs to the customers in the loan agreement and most important terms & conditions / Key Fact Statement (KFS) as applicable, in addition to being displayed on REs website under Interest rates and Service Charges. - Whenever reminders for non-compliance of material terms and conditions of loan are sent to borrowers, the applicable penal charges shall be communicated. Further, any instance of levy of penal charges and the reason therefore shall also be communicated.

Handholding and Financial Inclusion

6.1: Rural Self Employment Training Institutes (RSETIs)

Applicability	All Scheduled Commercial Banks
Explanation	Rural Self Employment Training Institutes (RSETIs) have been set up by various banks across the country, in collaboration with the Government of India and State Governments. These institutes offer short-term skill upgradation programs—typically ranging from 1 to 6 weeks—to equip existing entrepreneurs with the competencies needed to thrive in a dynamic market environment. RSETIs ensure that a list of candidates trained by them is sent to all bank branches of the area and co-ordinate with them for grant of financial assistance under any Government sponsored scheme or direct lending.

6.2: Financial Literacy and consultancy support

Applicability	All Scheduled Commercial Banks
Explanation	Banks have been advised to either separately set up special cells at their branches (MSME Special Branches) or vertically integrate this function in the Financial Literacy Centres (FLCs) set up by them, as per their comparative advantage. Through these FLCs, banks provide assistance to the MSE entrepreneurs in regard to financial literacy, operational skills, including accounting and finance, business planning etc

6.3: Certified Credit Counsellors (CCC)

Applicability	All Scheduled Commercial Banks
Explanation	Certified Credit Counsellors are institutions or individuals registered with SIDBI who shall assist MSME in preparing project reports in a professional manner which would, in turn, help banks make more informed credit decisions.
Source/Reference	https://rbi.org.in/commonman/english/scripts/FAQs.aspx?Id=966

6.4: Specialised MSME branches

Applicability	All Scheduled Commercial Banks
Explanation	Public sector banks are advised to open at least one specialised branch in each district. Further, banks have been permitted to categorise their general banking branches having 60% or more of their advances to MSME sector as specialized MSME branches in order to encourage them to open more specialised MSME branches for providing better service to this sector as a whole. As per the policy package announced by the Government of India for stepping up credit to MSME sector, the public sector banks would ensure specialized MSME branches in identified clusters/centres with preponderance of small enterprises to enable the entrepreneurs to have easy access to the bank credit and to equip bank personnel to develop requisite expertise. Though their core competence will be utilized for extending finance and other services to MSME sector, they will have operational flexibility to extend finance/render other services to other sectors/borrowers.

6.5: MSME Development and Facilitation Office (DFOs)

Applicability	CHAMPIONS State Control Rooms
Explanation	- MSME Development and Facilitation Office (DFOs) play a crucial role in supporting Micro, Small, and Medium Enterprises (MSME) by conducting training sessions and awareness programs to enhance their financial literacy, business acumen, and access to government schemes. - In addition to capacity-building efforts, MSME DFOs actively participate in State-Level Bankers' Committees (SLBCs), contributing to the Annual Credit Plan (ACP) by identifying sectoral credit requirements and advocating for improved access to finance for MSME. - All DFOs act as a CHAMPIONS State Control Room. These are dedicated facilitation centres for assistance and handholding of MSME in matters related to credit and finance. - Annexure D contains the contact details of CHAMPIONS control rooms and designated bank nodal officer.

Grievance Redressal

7.1: The Reserve Bank - Integrated Ombudsman Scheme, 2021

Applicability	All commercial banks, Non-Banking Financial Companies (NBFCs), Payment System Participants, most Primary (Urban) Cooperative Banks, and Credit Information Companies (i) All Commercial Banks, Regional Rural Banks, Scheduled Primary (Urban) Co-operative Banks and Non-Scheduled Primary (Urban) Co-operative Banks with deposits size of Rupees 50 crore and above as on the date of the audited balance sheet of the previous financial year, (ii) All Non-Banking Financial Companies (excluding Housing Finance Companies) which (a) are authorised to accept deposits; or (b) have customer interface, with an assets size of Rupees 100 crore and above as on the date of the audited balance sheet of the previous financial year, (iii) All System Participants as defined under the Scheme. (iv) Credit Information Companies
Explanation	Reserve Bank of India (RBI) integrated its three erstwhile Ombudsman Schemes viz. (i) the Banking Ombudsman Scheme, 2006, (ii) the Ombudsman Scheme for Non-Banking Financial Companies, 2018, and (iii) the Ombudsman Scheme for Digital Transactions, 2019, into one Scheme -The Reserve Bank - Integrated Ombudsman Scheme, 2021. The Scheme simplifies the grievance redress process at RBI by enabling the customers of Regulated Entities (REs) like banks, Non-Banking Financial Companies (NBFCs), Payment System Participants (PSPs) and Credit Information Companies to register their complaints at one centralised reference point. The objective of the Scheme is to resolve the customer grievances involving 'deficiency in service' on part of REs in a speedy, cost-effective and satisfactory manner. i. 'One Nation One Ombudsman' approach by making the RBI Ombudsman mechanism jurisdiction neutral. The salient features of the Scheme are: a. It will no longer be necessary for a complainant to identify under which scheme he/she should file complaint with the Ombudsman. ii. The Scheme defines 'deficiency in service' as the ground for filing a complaint, with a specified list of exclusions. Therefore, the complaints would no longer be rejected simply on account of "not covered under the grounds listed in the scheme". iii. The Scheme has done away with the jurisdiction of each ombudsman office. iv. A Centralised Receipt and Processing Centre has been set up at RBI, Chandigarh for receipt and initial processing of physical and email complaints in any language. v. The responsibility of representing the Regulated Entity and furnishing information in respect of complaints filed by customers against the Regulated Entity would be that of the Principal Nodal Officer in the rank of a General Manager in a Public Sector Bank or equivalent. vi. The Regulated Entity will not have the right to appeal in cases where an Award is issued by the ombudsman against it for not furnishing satisfactory and timely information/documents. vii. The Executive Director-in charge of Consumer Education and Protection Department of RBI would be the Appellate Authority under the Scheme. a) Complaints can continue to be filed online on https://cms.rbi.org.in. b) Complaints can also be filed through the dedicated e-mail or sent in physical mode to the 'Centralised Receipt and Processing Centre' set up at Reserve Bank of India, 4th Floor, Sector 17, Chandigarh - 160017 in the format. c) The contact center with Interactive Voice Response System (IVRS) with Toll Free #14448 is available 24x7, while the facility to connect to Contact Centre personnel is available from 8:00 AM to 10:00 PM (Monday through Saturday, except National Holidays) for English and Hindi, and ten Regional Languages (Assamese, Bengali, Gujarati, Kannada, Marathi, Malayalam, Odia, Punjabi, Telugu and Tamil)." d) The Contact Centre will provide information/clarifications regarding the alternate grievance redress mechanism of RBI and to guide complainants in filing of a complaint. vi. A complaint can be filed through any of the following methods: a. Online - on CMS portal of RBI at https://cms.rbi.org.in. b. Physical complaint (letter/post) in the form as specified in Annexure 'A' in the Scheme to "Centralised Receipt and Processing Centre, 4th Floor, Reserve Bank of India, Sector -17, Central Vista, Chandigarh - 160017".

7.2: CHAMPIONS Portal

Applicability	CHAMPIONS State Control Rooms
Explanation	• The CHAMPIONS Portal serves as a single window grievance redressal and support platform for MSME across the country. • The portal enables MSME to register grievances and challenges. These issues are further routed to the appropriate ministry officials or departments for resolution. • With a hub and spoke model, the portal operates a central control room, ensuring timely tracking and resolution of complaints. • Beyond grievance redressal, CHAMPIONS also offer guidance and assistance on access to credit, market, technology. It is helping MSME navigating government schemes and policies • Dedicated officers have been nominated by State Governments, public sector undertakings, Central Government Ministries and Scheduled Commercial Banks to provide resolution.

Default on Loan

8.1: Non Performing Asset (NPA)

Applicability	All MSME Borrowers
Explanation	A loan is called a Non-Performing Asset (NPA) when the borrower fails to repay the loan—either the interest or the principal amount for more than 90 days. For regular loans, this means a repayment delay of over 90 days. In the case of accounts with overdraft or cash credit facilities, if the account remains inactive or overdrawn beyond the allowed limit for 90 days, it is also treated as an NPA.

8.2: Impact of NPA on Borrowers

Applicability	All MSME Borrowers
Explanation	When MSME loan is classified as a NPA, it faces immediate consequences. The credit scores of both the enterprise and its promoters drop sharply, making it difficult to secure fresh loans or renegotiate existing credit. Future financing often comes at higher interest rates. Lenders may initiate legal recovery actions, including seizure of assets. The enterprise also becomes ineligible for key government benefits such as CGTMSE-backed loans and interest subvention schemes. Operationally, the business may struggle with working capital shortages, delayed production, or even shutdown. The NPA tag also damages the MSME's reputation, eroding trust among suppliers, partners, and customers

8.3: Impact of NPA on Lenders

Applicability	All Lending Agencies
Explanation	NPA has a direct and adverse impact on lenders. Provisioning for bad loans directly reduces profitability, while erosion of capital affects compliance with Basel capital adequacy norms. Mounting NPAs can also lead to credit rating downgrades, raising the bank's cost of borrowing. Operational resources are diverted toward recovery efforts, legal proceedings, and account monitoring. This increased risk aversion often translates into restricted credit flow, particularly to MSMEs and new borrowers. Ultimately, persistent NPAs undermine depositor and investor confidence, weakening trust in the institution.

Definitions

Amortization Schedule -An amortization schedule outlines a loan's repayment plan, detailing how each payment is divided between principal and interest, and showing the remaining loan balance over time.
Asset Based Lending - Loans are provided against the value of physical assets like inventory, receivables, machinery, or property
Base Rate - Minimum interest rate a bank can charge for all loans. Banks are not permitted to resort to any lending below Base Rate, except in a few special cases
Bill Discounting - Short-term financing method that helps businesses get immediate cash by using their unpaid invoices or bills
Business Loan - Loan provided to entrepreneurs or companies to support various business needs—such as expanding operations, purchasing equipment, managing cash flow
Cash Flow Based Lending -Loans are sanctioned based on the borrower's projected future cash flows and repayment capacity.
Collateral Security or Collateral - Security provided in addition to the primary security, in connection with the credit facility extended by a lender to a borrower
Collateral-based lending - Collateral-based lending is a form of secured lending where a borrower pledges an asset—such as property, equipment, inventory, or financial securities, as security to obtain a loan
Credit Guarantee - A government or institutional assurance to the lender that the loan will be repaid, even if the borrower defaults
Creditor - An individual or institution that extends credit or lends funds and is eligible to receive repayment.
Debt - Debt refers to borrowed funds that must be repaid, typically with interest. It represents a financial obligation or liability for the borrower.
Debt Service Coverage Ratio (DSCR) - DSCR reflects the borrower's ability to repay current debt obligations
Debtor - an individual or entity that owes money to a lender or creditor, often as a result of availing a loan or credit facility.
Debt-to-Equity Ratio (D/E) - D/E ratio measures how much debt a business is using compared to its own capital
Equated Monthly Instalment (EMI) -The fixed amount a borrower pays every month to repay a loan over a specified period. Each EMI includes both the interest and a portion of the principal amount.
Equity - Equity refers to the ownership interest held by shareholders in a business entity
Factoring - Short-term financing where a business sells its unpaid invoices (also called receivables) to a third party—called a factor, to avail immediate cash.
Fixed Rate -Loan interest rate that stays the same throughout the loan period.

Floating Rate- Loan interest rate that can changes over time, based on market conditions or benchmark rates set by the RBI
Interest rate- Interest rate is the cost of borrowing money, expressed as a percentage of the principal amount
Loan Against Property (LAP)- A loan where you pledge your residential or commercial property as collateral to get funds
Loan-to-Value (LTV) ratio- Measure used in secured loans to assess the risk of lending against an asset.
Moratorium Period- A break period during which the borrower is not required to make loan repayments, usually offered at the start of the loan
Personal Loan- An unsecured loan for personal expenses like travel, medical emergencies,
Prepayment- Paying off a loan before the scheduled end date, either partially or fully.
Primary security - Asset created out of the credit facility extended to the borrower and / or which are directly associated with the business / project of the borrower for which the credit facility has been extended
Priority Sector Lending- Priority sector lending includes only those sectors as part of the priority sector, that impact large sections of the population, the weaker sections and the sectors which are employment intensive such as agriculture, and Micro and Small enterprises.
Regulated Entities (REs)- Regulated entities (REs) are organizations that are subject to oversight and regulation by the Reserve Bank of India
Secured Loan- Loan backed by collateral-like property, gold etc.
Term Loan- Loan given for a fixed period, repaid in regular EMIs.
Unsecured Loan- Loan given without any collateral, usually based on creditworthiness and income.
Working Capital Loan- A short-term loan used to finance everyday business operations

"Know Your Lender, Grow Your Business" is a comprehensive guide designed to empower MSME with financial information. Recognizing the crucial role credit plays in the industry landscape, this handbook aims to help MSME borrowers to know and understand their rights and entitlements with respect to loans and advances, and improve awareness of lending procedures.

This guide is a compendium of regulations, directions, and instructions issued by the regulator and the Government to the lending fraternity concerning MSME loans. This handbook has been presented in simple and comprehensible language to enable MSME to navigate the lending ecosystem.

This initiative is to enhance financial literacy, promote responsible lending, and build a more inclusive credit culture for MSME.

It is expected that this reference guide proves to be a helpful companion for MSME in making informed financial decisions, securing access to formal finance, and contributing to India's economic growth.
