

Draft Manual on Invoice Management System

In a significant leap forward in the Goods and Services Tax (GST) ecosystem, the GST Common Portal has unveiled a groundbreaking new facility, the Invoice Management System (IMS), revolutionizing the way recipient taxpayers interact with invoices. This innovative feature empowers taxpayers to seamlessly accept, reject, or keep invoices pending in the system to avail later as and when required, streamlining the reconciliation process, and ensuring greater accuracy and efficiency in GST compliance.

The new system shall facilitate taxpayers in matching their records/invoices vis a vis issued by their suppliers for availing the correct Input Tax Credit (ITC). As a major enhancement in the indirect taxes landscape, this facility is set to transform the way businesses manage their GST obligations, reducing errors, and saving time and resources. With this cutting-edge functionality, the GST Common Portal continues to set new benchmarks in taxpayer convenience and experience.

This facility shall be available to the taxpayer from 14th October onwards on the GST portal. It may be noted that it is not mandatory to accept or reject invoices in IMS dashboard for GSTR-2B generation. If a taxpayer chooses not to take any action on the received invoices then its GSTR-2B would be generated on 14th of the month as being generated today. The invoices where no action would be taken by the recipient would be treated as accepted by the system and a draft GSTR-2B shall be generated including only accepted or 'no action taken' invoices. However, the recipient taxpayers are allowed to take action or change the action already taken on accepted invoices till the filing of Form GSTR-3B of the month.

A detailed step wise procedure with screenshots from the GST common portal is mentioned below to guide the taxpayers for using the facility.

1. Access the **www.gst.gov.in** URL. The GST Home page is displayed. Login to the GST Portal with valid credentials. Click the **Services > Returns > Invoice Management System (IMS)** option.

2. **Invoice Management System (IMS)** dashboard will be displayed on the screen. There are two sections :

2.1.Inward Supplies: Dashboard to view and act on inward supplies reported by your supplier in GSTR-1/IFF/GSTR-1A.

2.2.Outward Supplies: Dashboard to view status of outward supplies reported based on action taken by your recipient which shall be made available shortly.

Inward Supplies

2.1.1. To view and act on inward supplies reported by your supplier in GSTR-1/IFF/GSTR-1A click on **VIEW** button on **Inward Supplies** tile on the dashboard.

2.1.2. On clicking of **VIEW** button an information message will be displayed on the screen that the invoices on which no action shall be taken by the taxpayer shall be treated as accepted invoices. Click **OKAY** button to proceed further.

2.1.3. On clicking **OKAY** button, summary page of Inward Supplies will be displayed on the screen.

All other ITC tab would be selected in the default mode. Taxpayer can click on **VIEW ADVISORY** tab to view advisory and can click on **HELP** button for clarifications and for any help.

2.1.4. As seen from the screenshot above, the invoices saved or filed in GSTR-1/1A or IFF by the supplier and received in IMS are categorized in different sections. These sections are hyperlinks and the Taxpayer can click on any hyperlink of a respective section under Heading column to view the saved/filed records in GSTR1/IFF/GSTR-1A under respective section. Further, the number of invoices where any action of accepted/rejected/pending or no action has been taken is shown in the right-side columns. The summary numbers are also hyperlinks and taxpayer can click on them to view the respective records. Taxpayer can view and take any action on the number of records under No Action, Accepted, Rejected, Pending columns/categories. By default, all saved/filed records in GSTR1/IFF/GSTR-1A comes under No action column.

Taxpayer can go back to IMS dashboard by clicking on **BACK TO DASHBORD** button.

2.1.11. Generation of GSTR 2B

GST system will automatically generate draft GSTR-2B on 14th of the subsequent period. This draft GSTR-2B can be treated as final GSTR-2B in case no action has been taken by the recipient taxpayer.

However, in case recipient takes any action after draft GSTR-2B, they will need to recompute their GSTR-2B before filing of GSTR-3B.

COMPUTE GSTR-2B button will get enabled after 14th of the subsequent month by system if the taxpayer takes/changes any action on the IMS dashboard. Taxpayer can click on **COMPUTE GSTR-2B** button to re-compute the GSTR-2B. Post this, taxpayer can navigate to GSTR-2B to view the latest ITC details and the updated ITC details will auto-populate in GSTR-3B on re-computation of GSTR-2B.
