Introduction

Commercial Banks (CBs), in the course of financial intermediation, are exposed to various financial and non-financial risks, of which credit risk is the one of the most significant risks. If not managed effectively, credit risk may have ramifications for a range of other risk categories too. As credit exposures of CBs encompass varied sectors, borrower types and products with their own idiosyncratic complexities as well as systemic implications due to interconnectedness among themselves, credit risk management of CBs involve a range of prudential tools, including statutory and regulatory restrictions / prohibitions on certain activities. Recognising this, the Reserve Bank has, from time to time, issued guidelines to strengthen credit risk management practices.

Accordingly, in exercise of the powers conferred by Sections 20, 21 and 35A of the Banking Regulation Act, 1949 and all other provisions / laws enabling the Reserve Bank of India (hereinafter called the Reserve Bank) in this regard, Reserve Bank being satisfied that it is necessary and expedient in the public interest so to do, hereby issues these Directions hereinafter specified.

Chapter I - Preliminary

A. Short title and Commencement

1. These Directions shall be called the Reserve Bank of India (Commercial Banks – Credit Risk Management) Directions, 2025.
2. These Directions shall come into effect immediately upon issuance.

B. Applicability

3. These Directions shall be applicable to commercial banks (hereinafter collectively referred to as 'banks' and individually as a 'bank').

For the purpose of these Directions, 'Commercial Banks' shall mean banking companies (other than Small Finance Banks, Payment Banks, and Local Area Banks), corresponding new banks, and the State Bank of India, as defined respectively under clauses (c), (da), and (nc) of Section 5 of the Banking

Regulation Act, 1949.

C. Definitions

4. (1) In these Directions, unless the context otherwise requires,
- (i) 'Bank Guarantee' shall mean financial and performance guarantees issued by banks on behalf of their clients. A financial guarantee assures payment of money in the event of non-fulfilment of contractual obligations by the client. A performance guarantee provides assurance of compensation if there is delayed or inadequate performance on a contract. A deferred payment guarantee assures payment of instalments due to a supplier of goods.
 - (ii) 'Bills Purchased and Discounted' shall mean negotiable instruments that give the holder the right to receive stated fixed sums on demand or at a fixed or determinable future time. When a bank negotiates a bill payable on demand (sight bill) and provides funds to the holder, at a fee / interest, the facility is referred to as bill purchase. When a bank negotiates bill payable after a usance *i.e.*, at a fixed or determinable future time (usance bill) and provides funds to the holder, at a discount, the facility is referred to as bill discounting. Bills purchased and discounted can be Inland Bills and Foreign Bills. Inland Bills are Bills of Exchange drawn in India and paid in India to a person in India.
 - (iii) 'Cash credit (CC)' shall mean a facility, under which a customer is allowed an advance up to the credit limit against the security by way of hypothecation / pledge of goods, book debts, standing crops, etc. The facility is a running account and 'Drawing Power – DP' is periodically determined with reference to the value of the eligible current assets. The outstanding amount is repayable on demand.
 - (iv) 'Current Account' shall mean a form of demand deposit account wherefrom withdrawals are allowed any number of times depending upon the balance in the account or up to a particular agreed amount and shall also be deemed to include other deposit accounts which are neither Savings nor Term deposit account.

- (v) 'Demand loans' shall mean all loans repayable on demand (such as cash credit, overdraft, bills purchased and discounted, etc.) and short-term loans with maturity up to one year, whether secured or unsecured, are considered demand loans.
- (vi) 'Earnings before Interest and Depreciation (EBID)' shall have the same meaning as defined for computation of Debt Service Coverage Ratio (DSCR), i.e., $EBID = \text{Profit After Tax} + \text{Depreciation} + \text{Interest on debt} + \text{Lease Rentals}$, if any.
- (vii) 'Entity' in the context of 'Unhedged Foreign Currency Exposure' prescribed in Chapter-VII of these Directions shall mean a counterparty to which a bank has exposure in any currency.

Explanation: Exposure shall mean all fund-based and non-fund-based exposures.

- (viii) 'Financial hedge' shall mean hedging through a derivative contract with a financial institution. Financial hedge shall be considered only where the entity has documented the purpose and the strategy for hedging at inception of the derivative contract and assessed its effectiveness as a hedging instrument at periodic intervals.

Note: For the purpose of assessing the effectiveness of hedge, guidance may be taken from the applicable accounting standards and the relevant guidance notes of the Institute of Chartered Accountants of India on the matter.

- (ix) 'Foreign Currency Exposure (FCE)' of an entity shall mean the gross sum of all items on the entity's balance sheet that have impact on its profit and loss account due to movement in foreign exchange rates.
- (x) 'Letter of Credit (LC)' shall mean any arrangement how so ever named or described, that is irrevocable and thereby constitutes a definite undertaking of the issuing bank to honour a complying presentation. An LC confirmed by a bank based and operating in another country is payable by the confirming bank.
- (xi) 'Major shareholder' shall mean a person holding 10 per cent or more of the paid-

up share capital or ₹5 crore in paid-up shares, whichever is less.

- (xii) 'Natural hedge' shall mean a hedge arising out of the operations of the company when cash flows offset the risk arising out of the Foreign Currency Exposure (FCE).

Explanation: An exposure shall be considered as naturally hedged only if the offsetting exposure has the maturity / cash flow within the same accounting year. For instance, export revenues (booked as receivable) may offset the exchange risk arising out of repayment obligations of an external commercial borrowing if both the exposures have cash flows / maturity within the same accounting year.

- (xiii) 'Overdraft (OD)' shall mean a facility, under which a customer is allowed to draw an agreed sum (credit limit) in excess of credit balance in their account. The overdraft facility may be secured (against fixed / term deposits and other securities, like small saving instruments, surrender value of insurance policies, etc.) or clean (*i.e.* without any security). The overdraft facility might be granted on their current account, savings deposits account or temporary overdraft on credit accounts.

- (xiv) 'Personal loans' shall mean loans given to individuals and consist of (a) consumer credit, (b) education loan, (c) loans given for creation / enhancement of immovable assets (*e.g.*, housing, etc.), and (d) loans given for investment in financial assets (shares, debentures, etc.).

- (xv) 'Relative' shall include:

- Spouse
- Father
- Mother (including step-mother)
- Son (including step-son)
- Son's Wife
- Daughter (including step-daughter)
- Daughter's Husband
- Brother (including step-brother)
- Brother's wife

- Sister (including step-sister)
- Sister's husband
- Brother (including step-brother) of the spouse
- Sister (including step-sister) of the spouse

- (xvi) 'Revaluation Reserve' shall mean a reserve created on the revaluation of assets or net assets represented by the surplus of the estimated replacement cost or estimated market values over the book values thereof.
- (xvii) 'Smaller entities' in the context of 'Unhedged Foreign Currency Exposure' prescribed in Chapter-VII of these Directions shall mean those entities on which total exposure of the banking system is at ₹50 crore or less.
- (xviii) 'Substantial interest' shall have the same meaning as assigned to it in Section 5(ne) of the Banking Regulation Act, 1949.
- (xix) 'Term loans' shall mean loans which have a specified maturity and is payable in instalments or in bullet form.
- (xx) 'Unhedged Foreign Currency Exposure (UFCE)' shall mean Foreign Currency Exposure (FCE) excluding items which are effective hedge of each other. While estimating UFCE of an entity, banks shall consider only two types of hedges - financial hedge and natural hedge.
- 2) All other expressions unless defined herein shall have the same meaning as have been assigned to them under the Banking Regulation Act, 1949 or the Reserve Bank of India Act, 1934, and rules / regulations made thereunder, or any statutory modification or re-enactment thereto or in other relevant regulations issued by the Reserve Bank, or Glossary of Terms published by Reserve Bank or as used in commercial parlance, as the case may be.

Chapter II - Board Approved Policies

5. A bank shall put in place a comprehensive Board approved policy on Credit Risk Management. The policy shall, *inter alia*, cover aspects related to country risk management, unhedged foreign currency exposures, valuation of properties including empanelment of valuers, and opening of current accounts and CC / OD accounts. The afore-mentioned specific aspects and other areas of concern which need to be addressed in such policies are also detailed in the relevant paragraphs of these Directions.

Chapter III - Credit Risk Evaluation

6. A bank shall strictly follow the credit risk management guidelines contained in the [‘Guidance Note on Credit Risk Management’](#).
7. A bank shall carry out their independent and objective credit appraisal in all cases and must not depend on credit appraisal reports prepared by outside consultants, especially the in-house consultants of the borrowing entity.
8. A bank / lender shall carry out sensitivity tests / scenario analysis, especially for infrastructure projects, which shall *inter alia* include project delays and cost overruns. This shall aid in taking a view on viability of the project at the time of deciding on deferment of Date of Commencement of Commercial Operations (DCCO) / restructuring.
9. A bank shall ascertain the source and quality of equity capital brought in by the promoters / shareholders. Multiple leveraging, especially, in infrastructure projects, is a matter of concern as it effectively camouflages the financial ratios such as Debt Equity ratio, leading to adverse selection of the borrowers. Therefore, a lender shall ensure at the time of credit appraisal that debt of the parent company is not infused as equity capital of the subsidiary / Special Purpose Vehicle (SPV).
10. A bank shall review their extant sectoral exposure limits for consumer credit and put in place, if not already there, Board approved limits in respect of various sub-segments under consumer credit as may be considered necessary by the Boards as part of prudent risk management. In particular, limits shall be prescribed for all unsecured consumer credit exposures. The limits so fixed shall be strictly adhered to and monitored on an ongoing basis by the Risk Management Committee.
11. A bank shall include in their loan policies / credit appraisal processes, suitable provisions for obtaining Credit Information Reports (CIRs) from one or more Credit Information Companies (CICs) so that the credit decisions are based on credit information available in the system.

12. A bank shall be guided by [DoS.CO.PPG.BC.1/11.01.005/2020-21 dated August 21, 2020 for 'Ad-hoc/ Short Review / Renewal of Credit Facilities'](#) and [DBS.CO.PPD.BC.No. 5/11.01.005/2010-11 dated January 14, 2011 on 'End Use of Funds – Monitoring'](#).

Chapter IV - Statutory Restrictions

A. Advances against Bank's own Shares

13. In terms of Section 20(1)(a) of the Banking Regulation Act (BR Act), 1949, a bank cannot grant any loans and advances on the security of its own shares.

B. Advances to Bank's Directors

14. In terms of Section 20(1)(b) of the BR Act, 1949, a bank is prohibited from entering into any commitment for granting any loans or advances to or on behalf of any of its directors, or any firm in which any of its directors is interested as partner, manager, employee or guarantor, or any company [not being a subsidiary of the banking company or a company registered under Section 8 of the Companies Act, 2013, or a Government company] of which, or the subsidiary or the holding company of which any of the directors of the bank is a director, managing agent, manager, employee or guarantor or in which he holds substantial interest, or any individual in respect of whom any of its directors is a partner or guarantor.

B.1 Clarifications on Applicability of Section 20(1)(b) of BR Act

15. Section 20(1)(b) of the Act *ibid* also lays down the restrictions on loans and advances to the directors and the firms in which they hold substantial interest. For the applicability of Section 20 of BR Act, 1949, a bank shall be guided by following explanations:

(1) Section 20(1)(b) of the BR Act, 1949 shall not apply to

- (i) subsidiary of the bank, or
- (ii) a company registered under Section 8 of the Companies Act, 2013 or
- (iii) a Government company.

(2) The sanction or grant of credit facilities to companies in India by a foreign bank having branches in India shall be in compliance with the spirit of Section 20 of the BR Act, 1949. Accordingly, a foreign bank branch in India shall not lend to a firm / company in India, if a director in the foreign bank's

Board abroad has an interest in the firm / company or if the company is a subsidiary of any Indian / foreign parent in which the director is interested.

- (3) A director shall be considered to have interest in a company if they are a director / managing agent / manager / employee / guarantor in the concerned company and shall be considered to have interest in a firm if they are a partner / manager / employee / guarantor in the concerned firm.
- (4) In case a bank is granting any loan or advance to a subsidiary of its holding company, the provisions of Section 20 of the BR Act shall be attracted if any of the directors of the banking company is a director of the holding company, irrespective of whether any of the directors of the banking company is a director of the subsidiary or not.
- (5) The provisions of Section 20(1)(b)(iii) of the BR Act, 1949 are not attracted in case of advances granted or commitment made by a bank to a company prior to appointment of the director of the company on the Board of the bank.
- (6) A bank is precluded from renewing the loan / limit after its expiry or enhancing the limit that would have been sanctioned prior to the date of company's director becoming a director of the bank as renewal / enhancement / change in terms shall mean entering into fresh commitment by the bank. Alternatively, the director has to relinquish the directorship of either the bank or the company.
- (7) Section 20 of BR Act does not make any distinction between the directors on the basis of the interest they represent. Therefore, the prohibitions stipulated under Section 20 of the Act *ibid* are applicable to nominee directors also.
- (8) Provisions of Section 20 of BR Act shall also apply to priority sector lending.
- (9) The provisions of Section 20 of BR Act shall not apply to public trust.

B.2 Exemption to certain 'Loans and Advances' from Section 20(1)(b) of BR Act 1949

16. Section 20 (1)(b) of BR Act, 1949 prohibits a bank from granting any loan or advance to any of its directors. However, in exercise of the powers conferred by clause (a) of the Explanation under sub-section (4) of Section 20 of the Act *ibid* and having regard to the considerations referred to therein, the Reserve Bank specifies that for the purposes of the said Section, the term 'loans and advances' shall not include the following:

- (1) loans or advances against Government Securities, life insurance policies or fixed deposit;
- (2) loans or advances to the AFC India Ltd;
- (3) line of credit / overdraft facility extended by settlement bankers to National Securities Clearing Corporation Ltd. (NSCCL) / Clearing Corporation of India Ltd. (CCIL) to facilitate smooth settlement;
- (4) call loans made by banking companies to one another;
- (5) facilities like bills purchased / discounted (whether documentary or clean and sight or usance and whether on D/A basis or D/P basis), purchase of cheques, other non-fund based facilities like acceptance / co- acceptance of bills, opening of LCs and issue of guarantees, purchase of debentures from third parties, etc.;

Explanation: Withdrawal against uncleared effects (cheques presented for clearing) amounts to grant of advance and therefore shall attract provisions of Section 20 of BR Act.

- (6) Derivative transactions are off balance sheet items and are treated on similar lines with non-fund based transactions and are out of purview of Section 20 of BR Act provided it is ensured by banks that the transactions are genuine hedge transactions arising out of normal business requirements (not speculative ones) and no liability devolves on banks.

Banks have to satisfy about the genuineness of the underlying exposure of the concerns. Banks shall adhere to the instructions contained in [Reserve Bank of India \(Commercial Banks – Credit Facilities\) Directions, 2025](#) and [Reserve Bank of India \(Commercial Banks – Concentration Risk Management\) Directions, 2025](#).

(7) the following loans / advances granted to the Chief Executive Officer / Whole Time Directors:

- (i) Loan for purchasing of car
- (ii) Loan for purchasing of personal computer
- (iii) Loan for purchasing of furniture
- (iv) Loan for constructing / acquiring a house for personal use
- (v) Festival advance
- (vi) Credit limit under credit card facility

Provided that the loans and advances enumerated in paragraph 16(7) above shall meet the following conditions:

- (a) The loans and advances shall form part of the compensation / remuneration policy approved by the Board of Directors or any committee of the Board to which powers have been delegated or the Appointments Committee, as the case may be.
 - (b) Interest rate charged on such loans shall not be lower than the rate charged on loans to the bank's own employees.
17. A bank shall note that in view of the prohibition under Section 20 of the BR Act, 1949, apart from the types of loans mentioned in paragraph 16, no other loan can be sanctioned to directors.
18. As regards giving guarantees and opening of LCs on behalf of a bank's directors, it is pertinent to note that in the event of the principal debtor committing default in discharging their liability and the bank being called upon to honour its obligations under the guarantee or LC, the relationship between the bank and the director could become one of the creditor and debtor. Further, it is possible for the

directors to evade the provisions of Section 20 by borrowing from a third party against the guarantee given by the bank. Such transactions defeat the very purpose of restrictions imposed under Section 20, if the bank does not take appropriate steps to ensure that the liabilities thereunder do not devolve on it. In view of the above, while extending non-fund-based facilities such as guarantees, LCs, acceptance on behalf of directors and the companies / firms in which the directors are interested; it shall be ensured that:

- (1) adequate and effective arrangements have been made to the satisfaction of the bank that the commitments would be met by the openers of LCs, or acceptors, or guarantors out of their own resources,
- (2) the bank will not be called upon to grant any loan or advance to meet the liability consequent upon the invocation of guarantee, and
- (3) no liability would devolve on the bank on account of LCs acceptances.

19. In case, such contingencies arise as at paragraph 18(2) and 18(3) above, a bank shall be deemed to be a party to the violation of the provisions of Section 20 of the BR Act, 1949.

B.3 Restrictions on Power to Remit Debts

20. Section 20A(1) of the BR Act, 1949 stipulates that a bank shall not, except with the prior approval of the Reserve Bank, remit in whole or in part any debt due to it by -

- (1) any of its directors, or
- (2) any firm or company in which any of its directors is interested as director, partner, managing agent or guarantor, or
- (3) any individual, if any of its directors is their partner or guarantor.

21. In terms of Section 20A (2) of the Act *ibid*, any remission made in

contravention of the provisions of sub-section (1) above shall be void and of no effect.

C. Restrictions on Holding Shares in Companies

22. While granting loans and advances against shares, statutory provisions contained in Sections 19(2) and 19(3) of the BR Act, 1949 shall be strictly observed.

D. Restrictions on Credit to Companies for Buy-back of their Securities

23. In terms of provisions of the Companies Act, 2013, companies are permitted to purchase their own shares or other specified securities out of their

(1) free reserves, or

(2) securities premium account, or

(3) the proceeds of any shares or other specified securities,

subject to compliance of various conditions specified therein. Therefore, a bank shall not provide loans to companies for buy-back of shares / securities.

Chapter V - Regulatory Restrictions

A. Granting loans and advances to relatives of Directors

24. Without prior approval of the Board or without the knowledge of the Board, no loans and advances shall be granted to relatives of a bank's Chairman / Managing Director or other Directors, Directors (including Chairman / Managing Director) of other banks and their relatives, Directors of Scheduled Co-operative Banks and their relatives, Directors of Subsidiaries / Trustees of Mutual Funds / Venture Capital Funds set up by the financing banks or other banks, as per details given below.

A.1 Lending to directors and their relatives on reciprocal basis

25. There have been instances where certain banks have developed an informal understanding or mutual / reciprocal arrangement among themselves for extending credit facilities to each other's directors, their relatives etc. By and large, they did not follow the usual procedures and norms in sanctioning credit limits to the borrowers, particularly those belonging to certain groups or directors, their relatives, etc. Facilities far in excess of the sanctioned limits and concessions were allowed in the course of operation of individual accounts of the parties. Although, there is no legal prohibition on a bank from giving credit facilities to a director of some other banks or their relatives, such quid pro quo arrangements are not considered to be ethical. The banks shall, therefore, follow the guidelines indicated below in regard to grant of loans and advances and award of contracts to the relatives of their directors and directors of other banks and their relatives:

26. Unless sanctioned by the Board of Directors / Management Committee, a bank shall not grant

- (1) personal loans aggregating ₹5 crore and above to directors (including the Chairman / Managing Director) of other banks (including directors of Scheduled Co-operative Banks, directors of subsidiaries / trustees of

- mutual funds / venture capital funds);
- (2) any loans and advances aggregating ₹25 lakh and above to any firm in which any of the directors of other banks (including directors of Scheduled Co-operative Banks, directors of subsidiaries / trustees of mutual funds / venture capital funds) is interested as a partner or guarantor; and
- (3) any loans and advances aggregating ₹25 lakh and above to any company in which any of the directors of other banks (including directors of Scheduled Co-operative Banks, directors of subsidiaries / trustees of mutual funds / venture capital funds) holds substantial interest or is interested as a director or as a guarantor.
27. The restrictions as contained in Section 20 of the BR Act, 1949 would apply to grant of loans and advances to spouse and minor / dependent children of the directors of banks. However, banks may grant loan or advance to or on behalf of spouses of their directors in cases where the spouse has their own independent source of income arising out of their employment or profession and the facility so granted is based on standard procedures and norms for assessing the creditworthiness of the borrower. Such facility shall be extended on commercial terms. All credit proposals for ₹25 lakh and above shall be sanctioned by the bank's Board of Directors / Management Committee of the Board. The proposals for less than ₹25 lakh shall be sanctioned by the appropriate authority in banks in terms of the powers delegated to them.
28. Unless sanctioned by the Board of Directors / Management Committee, a bank shall also not grant loans and advances aggregating ₹5 crore and above to -
- (1) any relative other than spouse (spouse as specified in paragraph 27 above) and minor / dependent children of their own Chairmen / Managing Directors or other Directors;
- (2) any relative other than spouse (spouse as specified in paragraph 27 above) and minor / dependent children of the Chairman / Managing Director or other directors of other banks including directors of Scheduled Co-operative Banks, directors of subsidiaries / trustees of mutual funds / venture capital funds;

- (3) any firm in which any of the relatives other than spouse (spouse as specified in paragraph 27 above) and minor / dependent children as mentioned in (1) and (2) above is interested as a partner or guarantor; and
- (4) any company in which any of the relatives other than spouse (spouse as specified in paragraph 27 above) and minor / dependent children as mentioned in (1) and (2) above is interested as a as a major shareholder or as a director or as a guarantor or is in control.

Provided that a relative of a director shall also be deemed to be interested in a company, being the subsidiary or holding company, if he/she is a major shareholder or is in control of the respective holding or subsidiary company.

- 29. The proposals for credit facilities of an amount less than ₹25 lakh or ₹5 crore (as the case may be) to these borrowers shall be sanctioned by the appropriate authority in the financing bank under powers vested in such authority, but the matter shall be reported to the Board.
- 30. The Chairman / Managing Director or other director who is directly or indirectly concerned or interested in any proposal shall disclose the nature of their interest to the Board when any such proposal is discussed. He / she shall not be present in the meeting unless their presence is required by the other directors for the purpose of eliciting information and the director so required to be present shall not vote on any such proposal.
- 31. The above norms relating to grant of loans and advances shall equally apply to awarding of contracts.
- 32. The term 'loans and advances' shall not include -
 - (1) loans or advances against
 - (i) Government Securities
 - (ii) life insurance policies
 - (iii) fixed or other deposits
 - (iv) stocks and shares

- (2) Temporary overdrafts for small amounts, i.e. upto ₹25 thousand -
 - (3) Casual purchase of cheques up to ₹5 thousand at a time, and
 - (4) Housing loans, car advances, etc. granted to an employee of the bank under any scheme applicable generally to employees.
33. A bank shall evolve, *inter alia*, the following procedure for ascertaining the interest of a director of a financing bank or of another bank, or their relatives, in credit proposals / award of contracts placed before the Board / Committee or other appropriate authority of the financing banks:
- (1) Every borrower shall furnish a declaration to the bank to the effect that -
 - (i) (where the borrower is an individual) he/she is not a director or specified near relation of a director of a banking company;
 - (ii) (where the borrower is a partnership firm) none of the partners is a director or specified near relation of a director of a banking company; and
 - (iii) (where the borrower is a joint stock company) none of its directors, is a director or specified near relation of a director of a banking company.
 - (2) The declaration shall also give details of the relationship of the borrower to the director of the bank.
34. In order to ensure compliance with the instructions, banks shall forthwith recall the loan when it transpires that the borrower has given a false declaration.
35. The above guidelines shall also be followed while granting loans / advances or awarding contracts to directors of scheduled co-operative banks or their relatives.
36. These guidelines shall also be followed by a bank when granting loans and advances and awarding of contracts to directors of subsidiaries / trustees of mutual funds / venture capital funds set up by them as also other banks.
37. These guidelines shall be duly brought to the notice of all directors and also placed before the bank's Board of Directors.

'Control' in the context of this Chapter shall mean the right to appoint majority of the directors or to control the management or policy decisions exercisable by a person or persons acting individually or in concert, directly or indirectly, including by virtue of their shareholding or management rights or shareholders agreements or voting agreements or in another manner.

B. Restrictions on Grant of Loans & Advances to Officers and Relatives of Senior Officers of Banks

38. The statutory regulations and / or the rules and conditions of service applicable to officers or employees of public sector banks indicate, to a certain extent, the precautions to be observed while sanctioning credit facilities to such officers and employees and their relatives. In addition, the following guidelines shall be followed by all the banks with reference to the extension of credit facilities to officers and the relatives of senior officers:

(1) Loans and advances to officers of the bank

No officer or any Committee comprising, *inter alia*, an officer as member, shall, while exercising powers of sanction of any credit facility, sanction any credit facility to their relative. Such a facility shall ordinarily be sanctioned only by the next higher sanctioning authority. Credit facilities sanctioned to senior officers of the financing bank shall be reported to the Board.

(2) Loans and advances and award of contracts to relatives of senior officers of the bank

Proposals for credit facilities to the relatives of senior officers of the bank sanctioned by the appropriate authority shall be reported to the Board. Further, such transaction shall also be reported to the Board when a credit facility is sanctioned by an authority, other than the Board to -

- (i) any firm in which any of the relatives of any senior officer of the financing bank holds substantial interest, or is interested as a partner or guarantor;
or

- (ii) any company in which any of the relatives of any senior officer of the financing bank holds substantial interest, or is interested as a director or as a guarantor.

39. The above norms relating to grant of credit facility shall equally apply to the awarding of contracts.

40. Application of the Guidelines in case of Consortium Arrangements

In the case of consortium arrangements, the above norms relating to grant of credit facilities to relatives of senior officers of the bank shall apply to the relatives of senior officers of all the participating banks.

41. Scope of certain expressions

(1) The term 'Senior Officer' shall refer to -

- (i) any officer in senior management level in Grade IV and above in a nationalised bank, and
- (ii) any officer in equivalent scale
 - (a) in the State Bank of India, and
 - (b) in any banking company incorporated in India.

(2) The term 'credit facility' shall not include:

- (i) loans or advances against
 - (a) Government Securities
 - (b) life Insurance policies
 - (c) Fixed or other deposits
- (ii) Temporary overdrafts for small amount *i.e.* up to ₹25 thousand, and
- (iii) Casual purchase of cheques up to ₹5 thousand at a time.
- (iv) Credit facility shall also not include loans and advances such as housing

loans, car advances, consumption loans, etc. granted to an officer of the bank under any scheme applicable generally to officers.

42. In this context, banks shall, *inter alia*,

(1) evolve a procedure to ascertain the interest of the relatives of a senior officer of the bank in any credit proposal / award of contract placed before the Board Committee or other appropriate authority of the financing bank;

(2) obtain a declaration from every borrower to the effect that -

- (i) if he is an individual, that he is not a specified, near relation to any senior officer of the bank,
- (ii) if it is a partnership or HUF firm, that none of the partners, or none of the members of the HUF, is a near, specified relation of any senior officer of the bank, and
- (iii) if it is a joint stock company, that none of its directors, is a relative of any senior officer of the bank.

(3) ensure that the declaration gives details of the relationship, if any, of the borrower to any senior officer of the financing bank.

(4) make a condition for the grant of any credit facility that if the declaration made by a borrower with reference to the above is found to be false, then the bank shall be entitled to revoke and / or recall the credit facility.

(5) consider in consultation with their legal advisers, amendments, if any, required to any applicable regulations or rules, *inter alia*, dealing with the service conditions of officers of the bank to give effect to these guidelines.

C. Restrictions on Grant of Financial Assistance to Industries Producing / Consuming Ozone Depleting Substances (ODS)

43. A bank shall not extend finance for setting up of new units consuming / producing the Ozone Depleting Substances (ODS). No financial assistance shall be

extended to small / medium scale units engaged in the manufacture of the aerosol units using chlorofluorocarbons (CFC) and no refinance would be extended to any project assisted in this sector.

Chapter VI - Country Risk Management

A. Policy & Procedures

44. A bank shall formulate appropriate, well documented, and clearly defined 'Country Risk Management' policy within the Credit Risk Management policy prescribed in Chapter II of these Directions, with the approval of its Board. 'Country Risk Management' policy shall address the issues of identifying, measuring, monitoring, and controlling country exposure risks. The policy shall specify the responsibility and accountability of the various levels for the country risk management decisions. The bank shall also put in place procedures for ensuring that necessary steps are taken in accordance with the policy. The policy shall be periodically reviewed by the Board on the basis of the experience gained.
45. A bank shall institute appropriate procedures for dealing with country risk problems. They shall have in place contingency plans and clear exit strategies, which would be activated at times of crisis. Appropriate systems and procedures shall be laid down with the approval of the Board to handle situations involving significant changes in conditions in any country. For the present, only in respect of the country, where a bank's net funded exposure is one per cent or more of its total assets, the bank is required to formulate the Country Risk Management policy for dealing with the country risk problems.
46. The Country Risk Management policy shall stipulate rigorous application of the 'Know Your Customer' (KYC) principle in international activities which shall not be compromised by availability of collateral or shortening of maturities. Country risk element shall be explicitly recognised while assessing the counter-party risk.

B. Scope

47. A bank shall reckon both funded and non-funded exposures from their domestic as well as foreign branches while identifying, measuring, monitoring, and controlling country risks. In the case of foreign banks operating in India, the scope shall be confined to their branches in India. A bank shall refer to [Reserve Bank of India](#)

(Commercial Banks – Credit Facilities) Directions, 2025 for permissible Non-Fund based credit facilities. An illustrative list of funded and non-funded exposures is furnished below:

Funded Exposures	Non-Funded Exposures
<ul style="list-style-type: none">• Cash balances• Bank balances• Deposit placements• Investments• Loans and advances• Trade credits/receivables• Overdraft in Vostro Account• Remittances honoured under drawing arrangement• Other monetary assets	<ul style="list-style-type: none">• Letters of Credit• Committed lines of credit• Guarantees• Performance bonds, bid bonds, warranties.• Confirmation of LCs issued by foreign banks.• Commitments undertaken against the counter-guarantees of foreign banks.

48. A bank shall take into account indirect country risk. For example, exposures to a domestic commercial borrower with a large economic dependence on a certain country shall be considered as subject to indirect country risk.

C. Ratings

49. A bank shall put in place appropriate systems to move over to internal assessment of country risk and shall evolve sound systems for measuring and monitoring country risk. The system shall be able to identify the full dimensions of country risk as well as incorporating features that acknowledge the links between credit and market risk. A bank shall use a variety of internal and external sources as a means to measure country risk. A bank shall not rely solely on rating agencies or other external sources as their only country risk-monitoring tool and shall also incorporate information from the relevant country managers of their foreign branches into their country risk assessments. However, the rating accorded by a bank to any country shall not be

better than the rating of that country by an international rating agency. For the present, only in respect of the country, where a bank's net funded exposure is one per cent or more of its total assets, the bank is required to undertake internal assessment of country risk rating.

50. The frequency of periodic reviews of country risk ratings shall be at least once a year with a provision to review the rating of specific country, based on any major events in that country, where bank exposure is high, even before the next periodical review of the ratings is due.
51. Till such time, as banks move over to internal rating system, a bank may use the seven-category classification followed by Export Credit Guarantee Corporation of India Ltd. (ECGC) for the purpose of classification and making provisions for country risk exposures. ECGC shall provide to a bank, on request, quarterly updates of their country classifications and shall also inform all banks in case of any sudden major changes in country classification in the interim period.

D. Monitoring of exposures

52. A bank shall monitor their country exposures on a real time basis.
53. Management of country risk shall incorporate stress testing as one method to monitor actual and potential risks. Stress testing shall include an assessment of the impact of alternative outcomes to important underlying assumptions.
54. Boards shall review the country risk exposures at quarterly intervals. The review shall include progress in establishing internal country rating systems, compliance with the regulatory and the internal limits, results of stress tests and the exit options available to the banks in respect of countries belonging to 'high risk & above' categories. In case, any significant deterioration takes place in respect of any particular country risk or overall exposure, banks shall report to the Board such developments in its next meeting, without waiting for the quarterly review by the Board.
55. Country risk management processes employed by a bank shall require adequate

internal controls that include audits or other appropriate oversight mechanisms to ensure the integrity of the information used by senior officials in overseeing compliance with policies and limits.

Chapter VII - Unhedged Foreign Currency Exposure (UFCE)

56. A bank shall assess and monitor the Unhedged Foreign Currency Exposure (UCFE) of entities and maintain adequate provisioning / capital for the same, as per the instructions provided in this Chapter. An explanatory note providing the background of these instructions is furnished in Annex I.

57. Computation of UFCE

(1) A bank shall ascertain the Foreign Currency Exposure (FCE) of all entities at least on an annual basis. A bank shall compute the FCE following the relevant accounting standard applicable for the entity.

Explanation:

- (i) The requirement in paragraph 57(1) would not be applicable for entities which are already submitting the information on UFCE as per paragraph 57(2).
- (ii) To ascertain the FCE, a bank shall consider the items maturing or having cash flows over the period of next five years.

Note: For arriving at the foreign currency exposure of entities, their exposure from all sources including foreign currency borrowings and External Commercial Borrowings shall be taken into account.

(2) A bank shall assess the Unhedged Foreign Currency Exposure (UFCE) of entities with FCE by obtaining information on UFCE from the concerned entity.

Provided that the information on UFCE shall be obtained from entities on a quarterly basis based on statutory audit, internal audit, or self-declaration by the concerned entity.

Provided further that UFCE information shall be audited and certified by the statutory auditors of the entity, at least on an annual basis.

58. Provisioning and Capital Requirements

(1) A bank shall determine the potential loss to an entity from UFCE using the largest annual volatility in the USD-INR exchange rates during the last 10 years.

Explanation: A bank shall use the data published by FEDAI on largest annual volatility of USD-INR rate over a period of last 10 years and the same shall be used for computation of potential loss by multiplying it with UFCE.

Note: The UFCE in currencies other than USD shall be converted into USD using the current market rates for determining the potential loss from UFCE.

(2) A bank shall determine the susceptibility of the entity to adverse exchange rate movements by computing the ratio of the potential loss to entity from UFCE and the entity's EBID over the last four quarters as per the latest quarterly results certified by the statutory auditors.

Explanation: For the purpose of this paragraph, there is no differentiation between limited audited results and full audited results.

Note: (i) In cases where a bank is not in a position to obtain information on UFCE or EBID from listed entities for the latest quarter due to restrictions on disclosure of such information prior to finalisation of accounts, the bank shall have the option to use data pertaining to the immediately preceding last four quarters for computing capital and provisioning requirements.

(ii) In case of unlisted entities where the audited results of the last quarter are not available, the latest audited quarterly or annual results available shall be used. The annual EBID figure used shall at least be of the last financial year.

(3) Accordingly, a bank shall apply incremental capital and provisioning requirements to all exposures to such entities as under:

Table 1: Incremental Provisioning and Capital Requirements for UFCE		
Potential Loss / EBID (per cent)	Incremental Provisioning Requirement (basis points)	Incremental Capital Requirement
Upto 15 per cent	0	0
More than 15 per cent and upto 30 per cent	20bps	0
More than 30 per cent and upto 50 per cent	40bps	0
More than 50 percent and upto 75 per cent	60bps	0
More than 75 per cent	80bps	25 per centage point increase in the risk weight

Explanation:

(i) Incremental provisioning and capital requirements shall be over and above the present requirements i.e., general provision for standard assets and applicable credit risk weights as per [Reserve Bank of India \(Commercial Banks – Income Recognition, Asset Classification and Provisioning\) Directions, 2025](#) and [Reserve Bank of India \(Commercial Banks – Prudential Norms on Capital Adequacy\) Directions, 2025](#), respectively.

(ii) As an example for the 25 per centage point increase in the risk weight in case of Potential Loss / EBID exceeding 75 per cent, for an entity which otherwise attracts a risk weight of 50 per cent, the applicable risk weight would become 75 per cent.

Note: The incremental provisioning for UFCE shall be based on the total exposure amount which is used for computing standard asset provisioning and the incremental capital requirements for UFCE shall be based on the total exposure amount which is used for computing credit risk capital requirements.

(4) A bank shall calculate the incremental provisioning and capital requirements

at a minimum on a quarterly basis.

(5) For projects under implementation and for new entities, a bank shall calculate the incremental provisioning and capital requirements based on projected average annual EBID for the three years from the date of commencement of commercial operations.

Provided that the incremental provisioning requirement shall be subjected to a minimum floor of 20 bps of provisioning requirement.

(6) In cases where a bank is not able to get sufficient data to assess UFCE and compute incremental capital and provisioning requirements except for the smaller entities covered under the alternative method provided in paragraph 58(7) below, the bank shall take a conservative view and place the exposure to the entity at the last bucket (in Table 1 above) which requires incremental provisioning of 80bps and a 25 per centage point increase in risk weight.

(7) A bank shall have the option to follow an alternative method for exposures to smaller entities which are having foreign currency exposures and are not in position to provide information on their UFCE as per paragraph 57(2). Under this alternative method, a bank shall apply an incremental provisioning of 10 bps over and above extant standard asset provisioning instead of computing incremental capital and provisioning requirements as provided in paragraphs 58(1) to 58(5).

(8) The incremental provision requirement for UFCE shall be treated as general provision for disclosures and inclusion in Tier 2 capital.

59. Systems and Controls

- (1) A bank shall incorporate the risk of UFCE of entities in their internal credit rating system and credit risk management policies and procedures.
- (2) A bank shall stipulate internal limits for UFCE within the overall Board approved risk policy of the bank.

60. Consortium Lending

In the case of consortium / Multiple Banking Arrangements (MBAs), the consortium leader / bank having the largest exposure shall have the lead role in monitoring the unhedged foreign exchange exposure of entities.

Note: A banks shall put in place a system for information sharing and dissemination in terms of [Reserve Bank of India \(Commercial Banks – Transfer and Distribution of Credit Risk\) Directions, 2025](#).

61. Exemption / Relaxation

A bank shall have the option to exclude the following exposures from the calculation of UFCE:

(1) Exposures to entities classified as sovereign, banks, and individuals;

Explanation:

- (i) For this purpose, 'sovereign' shall include domestic and foreign sovereign as provided in [Reserve Bank of India \(Commercial Banks – Prudential Norms on Capital Adequacy\) Directions, 2025](#).
- (ii) For this purpose, the RBI regulated Financial Institutions, Bank of International Settlement (BIS), International Monetary Fund (IMF) and eligible Multilateral Development Banks (MDBs) listed in [Reserve Bank of India \(Commercial Banks – Prudential Norms on Capital Adequacy\) Directions, 2025](#) shall also be considered as 'bank'.

(2) Exposures classified as Non-Performing Assets;

(3) Intra-group foreign currency exposures of Multinational Corporations (MNCs) incorporated outside India; and

Provided that the bank is satisfied that such foreign currency exposures are appropriately hedged or managed robustly by the parent.

Explanation: For example, an Indian subsidiary of an MNC incorporated outside

India may have borrowed from its parent.

(4) Exposures arising from derivative transactions and / or factoring transactions with entities, provided such entities have no other exposures to banks in India.

62. Overseas Branches / Subsidiaries

(1) The provisions of this Chapter shall also be applicable to overseas branches / subsidiaries of a bank subject to the following:

(i) With respect to the exposure to entities incorporated outside India, information on UFCE shall be obtained from such entities on a quarterly basis based on internal audit or self-declaration and the requirement of certificate from statutory auditors on annual basis, as provided in paragraph 57(2), may not be insisted upon. In cases where a bank is not able to obtain information on UFCE from concerned entities, the treatment provided in paragraph 58(6) shall apply.

(ii) A bank shall compute the potential loss due to UFCE by replacing INR with the domestic currency of that jurisdiction and USD with the foreign currency (*i.e.*, currency other than domestic currency of that jurisdiction) in which the entity has maximum exposure in paragraph 58(1).

Note: A bank shall compute the largest annual volatility over a period of last 10 years in the following manner: First, daily changes in the foreign exchange rates shall be computed as a log return of today's rate over the previous day's rate. Second, daily volatility shall be computed as standard deviation of these returns over a period of one year (250 observations). Third, this daily volatility shall be annualised by multiplying it by square root of 250. This computation shall be performed on a daily basis for all the days in the last 10 years. The largest annual volatility thus computed shall be used for the computation of the potential loss by multiplying it with the UFCE.

Chapter VIII - Legal Entity Identifier (LEI) for Borrowers

63. The Legal Entity Identifier code is conceived as a key measure to improve the quality and accuracy of financial data systems for better risk management post the Global Financial Crisis. LEI is a 20-digit unique code to identify parties to financial transactions worldwide.
64. A bank shall ensure that non-individual borrowers with aggregate exposure of ₹5 crore and above from banks (Scheduled Commercial Banks (excluding Regional Rural Banks), Local Area Banks, Small Finance Banks, and Primary (Urban) Co-operative Banks) and Financial Institutions (All India Financial Institutions and NBFCs (including HFCs)) obtain LEI codes.

Explanation: 'Exposure' for this purpose shall include all fund based and non-fund based (credit as well as investment) exposure of banks / FIs to the borrower. Aggregate sanctioned limit or outstanding balance, whichever is higher, shall be reckoned for the purpose. Lenders shall ascertain the position of aggregate exposure based on information available either with them, or Central Repository of Information on Large Credits (CRILC) database or declaration obtained from the borrower.

65. Borrowers who fail to obtain LEI codes from an authorised Local Operating Unit (LOU) shall not be sanctioned any new exposure nor shall they be granted renewal / enhancement of any existing exposure. However, Departments / Agencies of Central and State Governments (not Public Sector Undertakings registered under Companies Act or established as Corporation under the relevant statute) shall be exempted from this provision.

Explanation: A government agency is an administrative set up of the government, responsible for certain area/s of activity, e.g., ISRO, BIS, DGCA, etc.

66. A bank shall encourage large borrowers to obtain LEI for their parent entity as well as all subsidiaries and associates.

67. Entities can obtain LEI from any of the LOUs accredited by the Global Legal Entity Identifier Foundation (GLEIF) – the entity tasked to support the implementation and use of LEI. In India, LEI code may be obtained from Legal Entity Identifier India Ltd (LEIIL), a subsidiary of the Clearing Corporation of India Limited (CCIL), which has been recognised by the Reserve Bank as issuer of LEI under the Payment and Settlement Systems Act, 2007 and is accredited by the GLEIF as the Local Operating Unit (LOU) in India for issuance and management of LEI. The rules, procedure and documentation requirements may be ascertained from [LEIIL](#).
68. After obtaining LEI code, a bank shall also ensure that borrowers renew the codes as per GLEIF guidelines.

Chapter IX - Valuation of Properties - Empanelment of Valuers

69. A bank shall be guided by the following aspects while formulating a policy on valuation of properties and appointment of valuers.

70. Policy for valuation of properties

- (1) A bank shall have a Board approved policy in place for valuation of properties including collaterals accepted for their exposures.
- (2) The valuation shall be done by professionally qualified independent valuers *i.e.* the valuer shall not have a direct or indirect interest.
- (3) A bank shall obtain minimum two Independent valuation reports for properties valued at ₹50 crore or above.

71. Revaluation of bank's own properties

In addition to the above, banks may keep the following aspects in view while formulating policy for revaluation of their own properties:

- (1) As a bank is permitted to include revaluation reserves as part of Capital in terms of [Reserve Bank of India \(Commercial Banks - Prudential Norms on Capital Adequacy\) Directions, 2025](#), it is necessary that revaluation reserves represent true appreciation in the market value of the properties and banks have in place a comprehensive policy for revaluation of fixed assets owned by them. Such a policy shall *inter alia* cover procedure for identification of assets for revaluation, maintenance of separate set of records for such assets, the frequency of revaluation, depreciation policy for such assets, policy for sale of such revalued assets etc. The policy shall also cover the disclosure required to be made in the 'Notes on Account' regarding the details of revaluation such as the original cost of the fixed assets subject to revaluation and accounting treatment for appreciation / depreciation etc.
- (2) As the revaluation shall reflect the change in the fair value of the fixed asset, the frequency of revaluation shall be determined based on the observed volatility in the prices of the assets in the past. Further, any change in the method of

depreciation shall reflect the change in the expected pattern of consumption of the future economic benefits of the assets. A bank shall adhere to these principles meticulously while changing the frequency of revaluation / method of depreciation for a particular class of asset and shall make proper disclosures in this regard.

72. Policy for Empanelment of Independent valuers

- (1) A bank shall have a procedure for empanelment of professional valuers and maintain a register / record of 'approved list of valuers'.
- (2) A bank may prescribe a minimum qualification for empanelment of valuers. Different qualifications may be prescribed for different classes of assets (e.g. land and building, plant and machinery, agricultural land, etc.). While prescribing the qualification, the bank shall take into consideration the qualifications prescribed under Section 34AB (Rule 8A) of the Wealth Tax Act, 1957.

73. A bank shall also be guided by the relevant Accounting Standard issued by the Institute of Chartered Accountants of India.

Chapter X - Filing of Security Interest relating to Immovable (other than equitable mortgage), Movable, and Intangible Assets in CERSAI

74. The Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI), a Government company licensed under section 8 of the Companies Act 2013 has been incorporated for the purpose of operating and maintaining the Central Registry under the provisions of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act).
75. It is to be noted that initially transactions relating to securitization and reconstruction of financial assets and those relating to mortgage by deposit of title deeds to secure any loan or advances granted by banks and financial institutions, as defined under the SARFAESI Act, are to be registered in the Central Registry. The records maintained by the Central Registry shall be available for search by any lender or any other person desirous of dealing with the property. Availability of such records would prevent frauds involving multiple lending against the security of same property as well as fraudulent sale of property without disclosing the security interest over such property. It may be noted that under the provisions of Section 23 of the SARFAESI Act, every transaction of security interest is required to be filed with the Registry.
76. The Government of India has issued a Gazette Notification dated January 22, 2016 for filing of the following types of security interest on the CERSAI portal:
- (1) Particulars of creation, modification or satisfaction of security interest in immovable property by mortgage other than mortgage by deposit of title deeds.
 - (2) Particulars of creation, modification or satisfaction of security interest in hypothecation of plant and machinery, stocks, debts including book debts or receivables, whether existing or future.
 - (3) Particulars of creation, modification or satisfaction of security interest in intangible assets, being know how, patent, copyright, trademark, license, franchise or any other business or commercial right of similar nature.

(4) Particulars of creation, modification or satisfaction of security interest in any 'under construction' residential or commercial or a part thereof by an agreement or instrument other than mortgage.

77. A bank is advised to file the charges relating to all current transactions with CERSAI on an ongoing basis.

Chapter XI - Opening of Current Accounts and CC / OD Accounts by Banks

A. Opening of Current Accounts for borrowers availing Cash Credit / Overdraft Facilities from the Banking System

78. For borrowers, where the aggregate exposure of the banking system is less than ₹5 crore, a bank can open current accounts without any restrictions placed *vide* these Directions subject to obtaining an undertaking from such customers that they (the borrowers) shall inform the bank, if and when the credit facilities availed by them from the banking system becomes ₹5 crore or more.

Explanation (1): 'Exposure' for the purpose of instructions contained in this Chapter shall mean sum of sanctioned fund based and non-fund-based credit facilities availed by the borrower. All such credit facilities carried in their Indian books shall be included for the purpose of exposure calculation.

In case of proprietary firms, the aggregate exposure shall include all the credit facilities availed by the borrower, for business purpose or in personal capacity.

A bank may compute the aggregate exposure based on the information available from Central Repository of Information on Large Credits (CRILC), Credit Information Companies (CICs), National E-Governance Services Ltd. (NeSL), etc. and by obtaining customers' declaration, if required.

Explanation (2): 'Banking System' for the purpose of instructions contained in this Chapter, shall include Scheduled Commercial Banks and Payments Banks only.

Explanation (3): 'Lending bank' for the purpose of instructions contained in this Chapter shall include any Scheduled Commercial Bank under the Banking System having an exposure to the borrower.

79. Where the aggregate exposure of the banking system is ₹5 crore or more:

- (1) Borrowers can open current accounts with any one of the lending banks with which it has CC / OD facility, provided that such lending bank has at least 10 per cent of

the aggregate exposure of the banking system to that borrower. In case none of the lending bank has at least 10 per cent of the aggregate exposure, the lending bank having the highest exposure among them may open current accounts.

(2) Other lending banks may open only collection accounts subject to the condition that funds deposited in such collection accounts shall be remitted within two working days of receiving such funds, to the CC / OD account maintained with the above-mentioned bank (paragraph 79(1)) maintaining current accounts for the borrower. The balances in such collection accounts shall not be used for repayment of any credit facilities provided by the bank, or as collateral / margin for availing any fund or non-fund-based credit facilities. However, banks maintaining collection accounts are permitted to debit fees / charges from such accounts before transferring funds to CC / OD account.

(3) Non-lending banks are not permitted to open current / collection accounts.

B. Opening of Current Accounts for borrowers not availing Cash Credit / Overdraft Facilities from the banking system

80. In case of borrowers where aggregate exposure of the banking system is ₹50 crore or more:

(1) A bank shall be required to put in place an escrow mechanism. Borrowers shall be free to choose any one lending bank as their escrow managing bank. All lending banks shall be part of the escrow agreement. The terms and conditions of the agreement may be decided mutually by lending banks and the borrower.

(2) Current accounts of such borrowers can only be opened / maintained by the escrow managing bank.

(3) Other lending banks can open 'collection accounts' subject to the condition that funds shall be remitted from these accounts to the said escrow account at the frequency agreed between the bank and the borrower. Further, balances in such collection accounts shall not be used for repayment of any credit facilities provided by the bank, or as collateral / margin for availing any fund or non-fund based credit facilities. While there is no prohibition on amount or number of credits in 'collection

accounts', debits in these accounts shall be limited to the purpose of remitting the proceeds to the said escrow account. However, banks maintaining collection accounts are permitted to debit fees / charges from such accounts before transferring funds to the escrow account.

(4) Non-lending banks shall not open any current account for such borrowers.

81. In case of borrowers where aggregate exposure of the banking system is ₹5 crore or more but less than ₹50 crore, there is no restriction on opening of current accounts by the lending banks. However, non-lending banks may open only collection accounts as detailed at paragraph 80(3) above.
82. In case of borrowers where aggregate exposure of the banking system is less than ₹5 crore, banks may open current accounts subject to obtaining an undertaking from them that they (the customers) shall inform the bank(s), if and when the credit facilities availed by them from the banking system becomes ₹5 crore or more. The current account of such customers, as and when the aggregate exposure of the banking system becomes ₹5 crore or more, and ₹50 crore or more, shall be governed by the provisions of paragraph 81 and paragraph 80 respectively.
83. A bank is free to open current accounts of prospective customers who have not availed any credit facilities from the banking system, subject to necessary due diligence as per their Board approved policies.
84. A bank is free to open current accounts, without any of the restrictions placed in this Chapter, for borrowers having credit facilities only from NBFCs / FIs / co-operative banks / non- bank institutions, etc. However, if such borrowers avail aggregate credit facilities of ₹5 crore or above from the lending banks, the provisions of this Chapter shall be applicable.

C. Opening of Cash Credit / Overdraft Facilities

85. When a borrower approaches a bank for availing CC / OD facility, the bank can provide such facilities without any restrictions placed *vide* these Directions if the aggregate exposure of the banking system to that borrower is less than ₹5 crore.

However, the bank shall obtain an undertaking from such borrowers that they (the borrowers) shall inform the bank, if and when the credit facilities availed by them from the banking system becomes ₹5 crore or more.

86. For borrowers, where the aggregate exposure of the banking system is ₹5 crore or more:

- (1) A bank having a share of 10 per cent or more in the aggregate exposure of the banking system to such borrower can provide CC / OD facility without any restrictions placed *vide* these instructions.
- (2) In case none of the lending banks has at least 10 per cent exposure, the lending bank having the highest exposure among CC / OD providing banks can provide such facility without any restrictions.
- (3) Where a lending bank's exposure to a borrower is less than 10 per cent of the aggregate exposure of the banking system to that borrower, while credits are freely permitted, debits to the CC / OD account can only be for credit to the CC / OD account of that borrower with a lending bank that has 10 per cent or more of aggregate exposure of the banking system to that borrower. Funds shall be remitted from these accounts to the said transferee CC / OD account at the frequency agreed between the lending bank and the borrower. Further, the credit balances in such collection accounts shall not be used for repayment of any credit facilities provided by the lending bank, or as collateral / margin for availing any fund or non-fund based credit facilities. However, lending banks are permitted to debit interest / charges pertaining to the said CC / OD account and other fees / charges before transferring the funds to the CC / OD account of the borrower with lending bank(s) having 10 per cent or more of the aggregate exposure. It may be noted that a bank with exposure to the borrower of less than 10 per cent of the aggregate exposure of the banking system can offer working capital demand loan (WC DL) / working capital term loan (WCTL) facility to the borrower.

- (4) In case there is more than one lending bank having 10 per cent or more of the

aggregate exposure, the lending bank to which the funds are to be remitted may be decided mutually between the borrower and the lending banks.

D. Exemptions Regarding Specific Accounts

87. A bank is permitted to open and operate the following accounts without any of the restrictions placed in terms of paragraph 78 to paragraph 86:

(1) Specific accounts which are stipulated under various statutes and specific instructions of other regulators / regulatory departments / Central and State Governments. An indicative list of such accounts is given below:

(i) Accounts for real estate projects mandated under Section 4 (2)(I)(D) of the Real Estate (Regulation and Development) Act, 2016 for the purpose of maintaining 70 per cent of advance payments collected from the home buyers;

(ii) Nodal or escrow accounts of payment aggregators / prepaid payment instrument issuers for specific activities as permitted by Department of Payments and Settlement Systems (DPSS), Reserve Bank of India under Payment and Settlement Systems Act, 2007;

(iii) Accounts for the purpose of IPO / NFO / FPO / share buyback / dividend payment / issuance of commercial papers / allotment of debentures / gratuity etc. which are mandated by respective statutes or by regulators and are meant for specific / limited transactions only;

(2) Accounts opened as per the provisions of Foreign Exchange Management Act, 1999 (FEMA) and notifications issued thereunder including any other current account if it is mandated for ensuring compliance under the FEMA framework;

(3) Accounts for payment of taxes, duties, statutory dues, etc. opened with banks authorised to collect the same, for borrowers of such banks which are not authorised to collect such taxes, duties, statutory dues, etc.;

(4) Accounts for settlement of dues related to debit card / ATM card / credit card

issuers / acquirers;

(5) Accounts of White Label ATM Operators and their agents for sourcing of currency;

(6) Accounts of Cash-in-Transit (CIT) Companies / Cash Replenishment Agencies (CRAs) for providing cash management services;

(7) Accounts opened by a lending bank funding a specific project for receiving / monitoring cash flows of that specific project, provided the borrower has not availed any CC / OD facility for that project;

(8) Inter-bank accounts;

(9) Accounts of All India Financial Institutions (AIFIs), viz., EXIM Bank, NABARD, NHB, SIDBI and NaBFID;

(10) Accounts attached by orders of Central or State governments / regulatory body / Courts / investigating agencies etc. wherein the customer cannot undertake any discretionary debits;

88. A bank maintaining accounts listed in paragraph 87 shall ensure that these accounts are used for permitted / specified transactions only. Further, a bank shall flag these accounts in the Core Banking Solution (CBS) for easy monitoring. Lending banks to such borrowers may also enter into agreements / arrangements with the borrowers for monitoring of cash flows / periodic transfer of funds (if permissible) in these accounts.

E. Other Instructions

89. All banks, whether lending banks or otherwise, shall monitor all accounts regularly, at least on a half-yearly basis, specifically with respect to the aggregate exposure of the banking system to the borrower, and the bank's share in that exposure, to ensure compliance with these instructions. If there is a change in exposure of a particular bank or aggregate exposure of the banking system to the borrower which warrants implementation of new banking arrangements, such changes shall be implemented

within a period of three months from the date of such monitoring.

90. A bank shall not route drawal from term loans through CC / OD / Current accounts of the borrower. Since term loans are meant for specific purposes, the funds shall be remitted directly to the supplier of goods and services. In cases where term loans are meant for purposes other than for supply of goods and services and where the payment destination is identifiable, the bank shall ensure that payment is made directly, without routing it through an account of this borrower. However, where the payment destination is unidentifiable, a bank may route such term loans through an account of the borrower opened as per the provisions of this Chapter. Expenses incurred by the borrower for day-to-day operations may be routed through an account of the borrower.
91. The flow-charts related to these instructions are furnished as Annex II and Annex III.

Chapter XII - Loan System for Delivery of Bank Credit

92. With a view to enhance credit discipline among the larger borrowers enjoying working capital facility from the banking system, delivery of bank credit for such borrowers shall be as under:

(1) Minimum level of 'loan component'

In respect of borrowers having aggregate fund based working capital limit (WCL) of ₹150 crore and above from the banking system (excluding intra-day credit facilities), the outstanding 'loan component' (Working Capital Loan) must be equal to at least 60 per cent of the sanctioned fund based working capital limit, including ad hoc limits and TODs. Hence, for such borrowers, drawings up to 60 per cent of the total fund based working capital limits shall only be allowed from the 'loan component'. Drawings in excess of the minimum 'loan component' threshold may be allowed in the form of cash credit / overdraft facility. The bifurcation of the working capital limit into loan and cash credit / overdraft components shall be effected after excluding the export credit limits (pre-shipment and post-shipment) and bills limit for inland sales from the working capital limit. Investment by the bank in the commercial papers issued by the borrower shall form part of the loan component, provided the investment is sanctioned as part of the working capital limit.

The above instructions on minimum loan component shall not be applicable on the following:

- (i) Intra-day credit facilities.
- (ii) Credit facilities extended through the Food Credit Consortium.
- (iii) Credit facilities extended to Central Counterparties.
- (iv) Credit facilities extended by overseas branches of the bank.

(2) Sharing of Working Capital Finance

Bifurcation of working capital facility into loan component and cash credit / overdraft component shall be maintained at individual bank level in all cases, including consortium lending.

(3) Amount and tenor of the loan

The amount and tenor of the loan component may be fixed by banks in consultation with the borrowers, subject to the tenor being not less than seven days. Banks may decide to split the loan component into WCLs with different maturity periods as per the needs of the borrowers.

(4) Repayment / Renewal / Rollover of Loan Component

Banks / consortia / syndicates will have the discretion to stipulate repayment of the WCLs in instalments or by way of a 'bullet' repayment, subject to [Reserve Bank of India \(Commercial Banks – Income Recognition, Asset Classification and Provisioning\) Directions, 2025](#). A bank may consider rollover of the WCLs at the request of the borrower, subject to compliance with the directions *ibid*.

(5) For credit conversion factor for undrawn portion of working capital limits sanctioned to the aforesaid large borrowers, a bank shall refer to [Reserve Bank of India \(Commercial Banks -Prudential Norms on Capital Adequacy\) Directions, 2025](#).

Chapter XIII - Repeal and other provisions

A. Repeal and saving

93. With the issue of these Directions, the existing Directions, instructions, and guidelines relating to Credit Risk Management as applicable to commercial banks stand repealed, as communicated *vide* [circular DOR.RRC.REC.302/33-01-010/2025-26 dated November 28, 2025](#). The Directions, instructions and guidelines repealed prior to the issuance of these Directions shall continue to remain repealed.
94. Notwithstanding such repeal, any action taken or purported to have been taken, or initiated under the repealed Directions, instructions, or guidelines shall continue to be governed by the provisions thereof. All approvals or acknowledgments granted under these repealed lists shall be deemed as governed by these Directions. Further, the repeal of these directions, instructions, or guidelines shall not in any way prejudicially affect:
- (1) any right, obligation or liability acquired, accrued, or incurred thereunder;
 - (2) any, penalty, forfeiture, or punishment incurred in respect of any contravention committed thereunder;
 - (3) any investigation, legal proceeding, or remedy in respect of any such right, privilege, obligation, liability, penalty, forfeiture, or punishment as aforesaid; and any such investigation, legal proceedings or remedy may be instituted, continued, or enforced and any such penalty, forfeiture or punishment may be imposed as if those directions, instructions, or guidelines had not been repealed.

B. Application of other laws not barred

95. The provisions of these Directions shall be in addition to, and not in derogation of the provisions of any other laws, rules, regulations, or directions, for the time being in force.

C. Interpretations

96. For the purpose of giving effect to the provisions of these Directions or in order to remove any difficulties in the application or interpretation of the provisions of these Directions, the Reserve Bank may, if it considers necessary, issue necessary clarifications in respect of any matter covered herein and the interpretation of any provision of these Directions given by the Reserve Bank shall be final and binding.

Explanatory Note to Chapter on Unhedged Foreign Currency Exposure

Introduction

1. Unhedged foreign currency exposures of any entity are an area of concern not only for the individual entity but also to the entire financial system. Entities which do not hedge their foreign currency exposures can incur significant losses during the period of heightened volatility in foreign exchange rates. These losses may reduce their capacity to service the loans taken from the banking system and increase their probability of default thereby affecting the health of the banking system.

Background and Rationale

2. The Reserve Bank first introduced the concept in October 1999 as part of risk management systems after it was observed during the economic crises in some countries that banks bear additional credit risk on entities which have unhedged foreign currency risk. Accordingly, banks were advised to evolve a suitable framework for regular monitoring of foreign currency risk exposure of entities which do not have natural hedge and to factor such unhedged exposures of entities into the risk rating system for taking credit decisions.

3. The aim of the framework was that the banks shall price the risk from Unhedged Foreign Currency Exposure (UFCE) as credit risk premium which may nudge entities to hedge their foreign currency exposures in the market. To this end, banks were further advised through a series of instructions to a) regularly monitor the unhedged portion of large foreign currency exposures of entities; b) have a Board approved policy on hedging of foreign currency loans; and c) have a mechanism for information sharing on UFCE in case of consortium lending. However, a sizeable portion of entities' foreign currency exposures remained unhedged resulting in significant but avoidable risks to entities' balance sheets, in turn, impacting the quality of bank's assets.

4. To address the risk on bank's books, banks were advised to maintain incremental provisioning and capital requirements for their exposures to entities with UFCE. The process of computing incremental provisioning and capital requirements

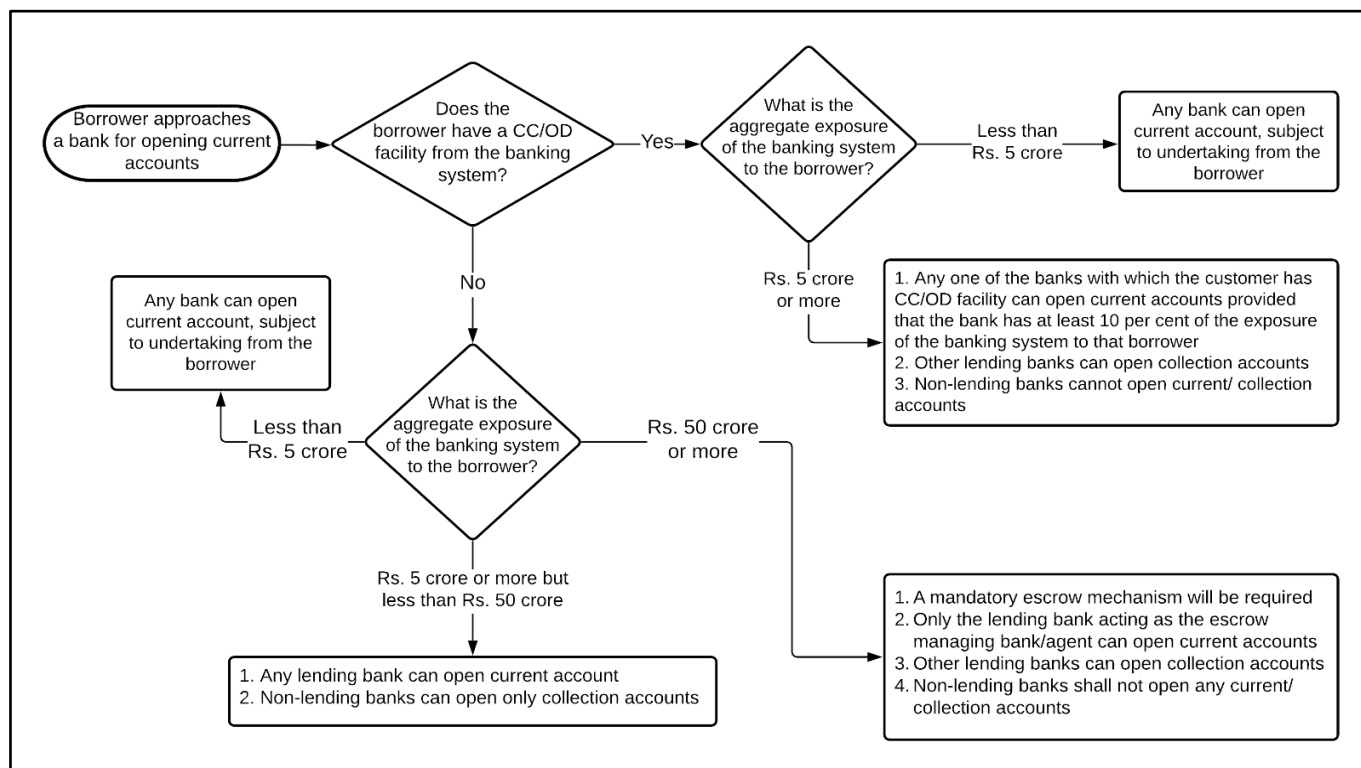

can be summarised in following steps:

- (1) Step 1: Assess the foreign currency exposure (FCE) of the entity.
 - (2) Step 2: Ascertain the amount of UFCE from entities' FCE taking into account two types of hedges – natural hedge and financial hedge.
 - (3) Step 3: Estimate the potential loss to the entity from UFCE exposure of entity due to exchange rate movements.
 - (4) Step 4: Maintain incremental provisioning and capital requirements against banks' exposure to the entity based on impact of likely / potential loss on entity's overall profitability.
5. Based on banks' feedback, a few amendments were made to the guidelines for operational clarity and accuracy of information obtained. These included, *inter alia*, allowing collection of information on UFCE directly from entities (through self-certified / audited UFCE certificates); clarification on capital treatment of incremental provisioning requirement for UFCE; and treatment in case bank is unable to obtain information on UFCE from entity. Banks were also given an option to follow an alternative method for their exposure to smaller entities. Under this alternative method, instead of obtaining information on UFCE from smaller entities, bank could maintain incremental provisioning of 10 bps for such exposures.
6. Further, some exposures were excluded from the ambit of these instructions, namely, inter-bank exposures, intra-group exposures of Multinational Corporations incorporated outside India and exposure to entities which have not borrowed from Indian banking system.
